

MAY THE PEACE & JOY OF THE
THROUGHOUT THE NEW

CHRISTMAS SEASON BE WITH YOU
YEAR -- 2018 - 2019

CUBA

This year my Christmas Card is sending my gratitude to the people of "Between The Bars" and my old friends from "Massachusetts Institute of Technology (MIT)", who allowed me to be a human being, gave me the opportunity to express my ideas, art and poetry through the social media. -- I am attaching several family photos so that I can tell the people from Lowell, Boston, Cambridge, Fitchburg and Michigan that I am a person who has already served more than 47 years of incarceration.

"I AM A \$2.1 MILLION DOLLAR MAN WHILE I AM A POOR PERSON"

This year I was part of a BALLOTS OVER BARS from AACC, and my poetry was shared with sisters and brothers from "Through Barbed Wire Poetry Program". I also learned many good things from the "EMANCIPATION INITIATIVE MEETING".

In good faith, I sincerely hope that this new year brings good health, success and happiness to you and your family, even to the authorities and their families who are in my prayers in GOOD SPIRIT.
