greetins

precious daughter

i'm still here. was prayin 2 get on the bus n go 2 a new location but it wasn't in god's plan. was upset 4 like 4hrs but i got over it. god reminded me that my bein here ,in rgci, is an answer 2 prayer, so looks like i'll b here 2 MARCH. time 2 make the most of it Figure i'll finish ruff draftin the memoir n continue learning how 2 write.

meanwhile gotta grow in character. right when i thought i was doin ok more difficult people came into my life. apparently work/jobs were created 2 test us/try our patience among other things. sometimes i just do my job while zonin out. frustrating 2 tell somebody how 2 do somethin only 2 have them do the complete opposite /what they want 2 do. but truth b told i'm super guilty of doin this very thng 2 god. guess that makes me a hypocrite

meanwhile i cant wait 2 b part of a new church. im "churched out" here. no growth just a bunch of dudes who acknowledge gods existence but thats bout it

priska i know that you had some experience where u wish i was there.

sorry i couldn't b

hurts i cant b there 2 celebrate life n its milestones with u

god is always there. give him ur pains, hurts, disappointments, joys, good news etc

its almost over

see u soon
