Nate's News 16 Dec 2018

It's not great. On Oct 8th I was stabbed in my head 3 times, "minor" stabs elsewhere, spent the night in the hospital, was sent home the next day.

← Within ten days two guys in the seg. unit here hung themselves to death. It's been very stressful; I'm in a

lot of physical & mental pain. I wish, if you're new to this blog & are debat'g connecting w/ me, that I had a brighter story for you.

Usually I cope better, I'm doing better. mis Been helping prisoners file complaints about their treatment. We intend to file a storm of suits, seek to join them, have counsel appointed & turn it into a class action. You can help by

- showing my previously posted (10 Nov) drawing & description w/ WI & Nat'l media, civil-rights lawyers & activists.
- doing the same w/ my posts (should be up by now) on my Instagram & Facebook pages / Prometheus Writes
- purchasing 5 to 35 postage embossed envelopes for me from customerservice@jacklmarcus.com, 1-800-236-2611
- finding me an attorney to represent me for my stabbing suit

Of course reaching in to me, starting a friendship, would be appreciated. That's the

the one thing I'm short on, love, people who care about me & let me care about them.

Well, I'm worn out. Been working hard, I'll write more when I can.

Julie, thanks for your kind thoughts. I'll have an e-mail sent to you when I can.

Touchnote.com is a convenient way for anyone to write me. You see my address on the top of pg. 1. Provide your address for a reply.

Let's work together to make this world a better place. ☺

Sincerely,
Ade.
