

I see you posted this course before it was graded and certed? What is going on my friend.

??

Is this your way to get me to post on BtB? ML Erne

Hello Erne. Yes Ma'am, it is nice of you to visit me BTB. But the fact is that I've posted a number of courses I did in 2012:

- 1- TPOW = The Problems Of Work
- 2- NSOL = New Slant On Life
- 3- TFOT = The Fundamentals Of Thought
- 4- The Components Of Understanding
- 5- Ethics And Conditions
- 6- How To Resolve Conflicts
- 7- Solutions To A Dangerous Environment
- 8- Integrity And Honesty
- 9- The Marriage Course

All in all, I'm very proud of myself for producing these GOOD* works, reflecting the Light of L.R.H.

And of course, I'm very grateful that I had this opportunity to study and apply this data ... in writing ... to post BTB, for the world to see.

You see, I don't do GOOD for grades and certificates, but rather because I CAN contribute to the noosphere in my zone of influence.

Yet, I have posted a lot of my Certificates here BTB over the years, as a sort of proof that I've not succumbed and become mired in the miasmal degradation generally produced in the penal colonies which tax-payers are funding.

Which do you think has a greater impact upon others here BTB, Certificates - or - GOOD reflections of Logic, demonstrated?
