

Jennifer Johnson's Speech

It passed time to
break the following
cycles

Ok It's 2019 a whole new year. That means things should be different - a new mindset and I am going to do things different than I did last year. It's not wrong to be licensed to carry a gun but when you're not licensed, ^{and} carrying a gun for the wrong reason or your license to carry a gun but you have the gun for the wrong reason. All this become a problem. We have started this year with the same cycle killing people. There has been triple homicides already in two different states ~~so far~~ ^{one of the individual} was young 21 years old did you just really entering adulthood. You haven't even experience life but you get angry enough to kill your parents, girlfriend and some other people. 15 year old gets shot while walking down the street for headphones it is a crime to walk down street making your own business. This is the same cycle from last year. It's never too late to reverse this cycle. America we need to learn how to deal with what is bothering us. You get angry till the point it's either you way or no way. You need help if you over drugs you need help. When you do better you feel better. Stop this senseless killing for real. Ok we have left the unarmed blacks getting killed by the cops. I hope the officers are getting more training and learning better communication skills to be able relate to the community. Now the cycle has change till the whites and illegal immigrant killing the police. Listen people the cops are there for a reason. Some of you on probation and parolee and repeated offenders don't do what you suppose to your own the run from the police. So when you encounter the police you saying to yourself. I am not going back to prison or jail and you carrying a weapon as a felony knowing the whole

Situation is going to lead to destruction. So you panic in shoot the cop. Why not do what you suppose to on parole and probation? You are the problem not the cop, parole or probation officer. Why are you failing to report and committing other crimes. ~~you~~ do what you suppose to you don't have to worry about a jail or prison, and pay them people and stay off them drugs. Your repeating the same cycle from last year. STAY out of the prison and jails. Get a job, Get into College turn a negative situation into a positive Get off the same cycle. Why are we still human traffic people for money especially our children Americans and overseas. Why do you all pray over people that has been traumatize has open wounds so they are ~~so~~ vulnerable because they want to feel ~~ex~~ accepted and love. That is wrong. I hope they lock up all the pimps for doing these innocent children and the women and men that has low esteem being used and abused. This has got to stop. Then these type of people that gets into prison brag about how they was making money, how many clients they had and how successful they were. I be thinking to myself you are sad. I pray for people like that but they deserve to be locked up. ~~This cycle~~ Cycle of human traffic sex traffic has to end. It times to get off the street do something better for yourself Get your education- Get a real job, start your own business, Get a real husband or wife somebody not going to abuse and misuse you for their gain but going to love you the way you suppose to be loved.

The Perturb southern Boarder Wall

America is not a real estate business where you auction houses to the highest bidder. First Donald Trump wanted 5 million then 5.4 Billion and last 5.7 Billion to waste on this stupid Southern border wall. Our economy is to help the American people gain not loose out because our government money is being spent only on foolishness like a border wall. Donald Trump ran a far fetch and foolish campaign from get go. A wall was a far fetch promise to get voted into the offices. Hopefully the future candidates that will run for president ~~and~~ or other public office. Learn not to make far fetch promises. Second of all learn from Mr. Trump who has a spirit of pride that is going to be his down fall because he listen to no one except for himself. A spirit of pride will cause many things; leads to disgrace, produces quarrels - remember the tariffs, leads to punishment our global trades is mixed up, oh I forgot ~~less~~ leads to disgrace lead government shut down and our American federal workers without pay and suffering, leads to destruction won't happen as long as we have Nancy Pelosi and Chuck Schumer, End is downfall - yes the downfall of our president because he is head for destruction. He is bringing himself low. He will not win another term that for sure. Donald finds no pleasure in understanding in the people whom he work with that has the experience for jobs they are doing. proverbs 18:2 A fool finds no pleasure in understanding but delights in airing his own opinions. This deal is going to be good for us all, that was a bad deal, a board wall is desperately needed. These are his opinion but is it factual. Absolutely not because if you keep track of how the drugs and illegal immigrants are coming over it actual through legal port, Airport, boats, Transfer Trucks, Trailers. Where he wants to build that wall is grassy

area. There is no water, boats, transfer trucks, airport or submarines
Tractor Trailers. Donald Trump is fighting a useless battle
that he will never win. It's his fault he ran on a farfetched
promise to get in the ~~office~~ office. Even some of his angelic
Christian is feeling the heat. I never agreed with the troops
coming out of Syria quickly. When I said slowly because
even if the war with ISIS was over, you still have to watch
the area to make sure these people don't come back in subdue
and clean up the place. These are ~~tasted~~ tactics of the military
and intelligents. Which Donald Trump ~~no~~ knows nothing about
because he don't have the experience. The bible tells you proverb
15:22 Plain fail for lack of counsel but with many advisers
they succeed. What is the Scripture saying People with tunnel
vision (Donald Trump) those who are locked into one way of
thinking, are likely to miss the right road because they
have closed their minds to any new options. We got to have a
border wall. ~~so~~ more security at the border and special equipment
is not an option, border wall is the only option Donald Trump ~~we~~
~~need~~ ~~the~~ the help of those who can enlarge our vision and
broaden our perspective. Seek out the advice of those who
know you and have a wealth of experience. Chief Staff, ^{adviser} Advisor
Department of Defense, intelligents and military leaders etc. Build
a network of advisers. Then be open to ~~know~~ new ideas and be
willing to weigh their suggestions carefully. Your plan will
be stronger and more likely to succeed. The lack of counsel
caused the latest attack in Syria 4 Americans dead and 3
wounded US ~~now~~ Troops. Our president needs to learn humility
It leads to wisdom, Takes advice leads to honor. Leads in
honor, Brings honor. Prime example of that is first lady Michelle
Obama and President ~~Oba~~ Barack Obama and vice President -
Joe Biden and his wife. They are example of what humility
looks like. Not anything flew out of their mouth that they
could back up. If they said or did they explain to American
people. American people felt the kinship between them

and US American. We feel no kinship between Donald Trump, his wife, vice President which I forgot his name and his wife. People who are significant to the American we remember their names because they have a special place in our hearts. Then are two other scripture comes to my mind when I think about the atmosphere Donald Trump is releasing to pollute our government, global trade dealing with his co-workers and illegal immigrants.

proverbs 18: 6 A fool's ~~lips~~ lips bring his strife and his mouth invites a beating. His own words come back to hurt him everytime he lies. & proverbs 18:7 A fool's mouth is his undoing and his lips are a snare to his soul. This man has done nothing but bring dirty pollution to the table since he been in the office. My question is to the Democrats and American people. Why is Donald J. Trump still sitting on the throne of the presidential seat? Why havent the process of removal has begun and we the American people do not want his Vice President to take the chair either both needs to go. I want to turn my attention on the Republicans ^{and} Democrats that is not going for Donald Trump getting what he want and what he wants. Thank you Nancy Pelosi and Chuck Shumer for thinking about the American people best interest. Thank you Chuck Shumer for delegating Stacey Abram for doing the State of Union. Thank you Stacey Abram for standing up for our voters rights in Georgia. Our voters rights are very important to all American people. Thank you Brian Kemp for giving the teachers a raise. My daughter is a Pre K teacher. A lot of her individual pocket money is put on her students. and She is still a college student at Fort Valley University. She just moved in her first apartment and she has brand new Kia car so she has a lot responsibilities. So it's very

important for them to have that raise as teachers.
