

Dave,

Over the years I have been in school constantly. I have gotten a couple degrees and am working on my para-legal right now. I don't know if you have been to prison or Jail (which I hope you haven't) but there is a lot of legal work and constant study to do. As you see from the page this is the most I use it. I am working really hard to get back to the County. There is just this concept of hurry up and wait. I will continue to holla at you we used to be really good friends and I hope to begin to build that back up if possible

Peace,
Jarier
