

## Manipulation kills the Cat

Donald Trump says he is not going to reveal his health care plan until after 2020 Election. Haven't we been here before in Donald Trump plan failed through the crack. So the question is why are revisiting this again? Why is it the Republican his own people don't know about this? I tell you people manipulation kills the cat. Donald Trump is trying to manipulate his voters to vote for him again out of ~~curiosity~~ curiosity. If I was one of his supporters. I would be saying what is the plan. I am going to vote for him just to secure his presidential seat. So I can see what he is going to do. Don't fall for it remember manipulation kills the Cat!
