greetings loved ones

2day i woke up with a burst of energy! it had 2 b THE GREAT I AM ,so i prayerfully thanked him n then got ready 4 breakfast ,which included stretching ;normally do it at night but read an article that said do it in the mornin just 2 get the blood flowin. it worked

last night i spoke with my mom n it was exciting 2 hear my nephew say "hey uncle antoine" he was so full of life n vibrancy ,typical of 7yr old.

i miss bein 7

also

wondering

where will i live upon release ?

miss my smile

read psalm 100. verse 4 encouraged me 2 start my day with thankfulness . need 2 get my smile back,overcome the hot bitterness that seeped into my spirit from the osmosis of this ungrateful environment . great i am help me get back 2 gratefulness,it definitely look good on me :)

praise i am i got blessed with an eastbay 2day. my heavenly father definitely encouraging me as a designer . so b it

can't sing praises n worry at the same time

Subject: good friday

ok im back 4 the most part

hate i keep makin even minor mistakes . yeah im hard on myself like that. no one was there 2 push me so i had 2 do it myself... this self sufficien 軀 àsufficiency is what often causes rebellion in my relationship with GOD. i keeping tryin 2 do everything on my own only 2 fall flat on my face,exhausted,wearyetc. only 2 then look up when that's what i should have done from jump . surrendering 2 god- that's the hardest part.

so its a good friday cause i recognize more of what motivates me 2 act like i do,respond how i do,etc... the gift of self awareness has me being more n more honest with myself;with my creator

good friday cause at 8;13am god whispered"embrace grace"

his way of telling me "write. stop runnin around just do what i called u 2 do,no more no less"..talk 2 him bout my hang ups,worrys fears celebration etc"

good friday cause i started the day with praise by listenin 2 gospel music early in the am instead of watchin the news. heard a few songs i really admire

good friday cause god is faithful in allseasons of my life  
sadly im not. ouch! sinned 5 times that im aware of

good friday cause i made the cut 4 the reentry simulation event thats on tuesday. prayin deacon dennis reschedules our visit 2 wednesday

good friday cause i talk 2 my lil sister 4 the 1st time in 4yrs :) felt good 2 encourage her n tell her i love her
