hey everybody

priska especially

im great realizin that god's greatness lies inside me n that it's 4 me 2 tap into it. readin a good book PREVAIL by CINDY TRIM that's life changing /encouraging/motivatin... bout takin ur problems captive n makin the most of whatever life throw at u. i feel that promise prison the best (n the worst) thing 2 happen 2 me. not that it made me but sit'n in a cell 23hrs a day was the fuel that lit the fire that was always inside me since day 1. feel me? always been entrepreneurial just i didn't stick with it n wound up sellin the wrong types of things . nuff said. but now! i am bout 2 take that bizzness oriented dna n use it 2 start a t-shirt/novety company that's mission is 2 positively impact my community n those around me. plus i still write books n even got some intellectual property that may be of value 2 the human race.

well parole hearin number 4 is like 60 days away
always prayin 2 go home. gone ask 4 a 6-month grant (ie 2 b released after doin 6 more months)
god will tell in his most beautiful time.

daughter whatever u goin through i want u 2 know...
ur problems r important 2 me

love u god bless
i am we
love dad

may jesus love continue to find u n wrap u in life n light. so b it. so it is

i love u

how r u?

is everything ok?

ne thing i can help u with? my \$ aint where it should b cause of my bein jobless BUT im sure that im able to help u in other ways. just let me know...

well jesus been blessing me 2 talk to friends n family. just last friday i spoke with my bff . had been 2yrs since we spoke by phone. talking to her brought a smile 2 my face n joy 2 heart. great 2 conversation with someone who know/knew me before the accident . n she always keeps me encouraged n inspired . course our conversation flowed like we never lost contact .was great 2 hear someone say n mean "i love u" been years since my heart has heard it.

what else is new? learnin more bout myself... like what leads 2 discouragement on my end. as well as how im guilty of putting the cart before the horse. kept lookin 4 publishers but whats the point when the book aint even written. foolish me... but god will help me conquer my pride n ego in that area of my life. so b it. now im slowly but surely writin a booklet that will b freely available at some point n will encourage others to "keep the faith" n actually show em how..

priska

i love u
