thank u most assuredly 4 the "may god bless u"

he truly has. as of late i can feel him opening doors as it relates 2 my release ,spiritual success n my finances ,as well as just who im destined 2 b. come 2 find out, god was inside me the whole time (since birth) but i wasn't tryin 2 hear it cause i didn't see a need 4 him. does that make sense?

newho im spectacular n...

IT'S GOD'S FAULT

:)

well here's a ruff draft of a poem

CRUCIFY HIM...HOW?

i wasn't there
just supplied the spit
the blindfold ,
the "tell us who hit u"
the crown of thorns
the mockery
the vinegar n gall
the rejection of

KING

the hate
the motivation
i screamed 4
"BARABAS"
with all my (god given)
might
then stood next 2 him
"welcome back."
"he think he god,we'll show him"
i just supplied the nails
cast lots 2 win the robe
discarded his funeral
4 the wake
repent now
i eat in
his fathers house
along side him
cause glory 2 gof

he didnt

di

though we cheered him on
