

"Put Down"

Like the wolf
I pace back & forth in this cell
Wanting to yell as loud as I can
Even if I could be heard
Would any one rescue me
If I were an impounded cat
They would find a good home for me
perhaps I should learn how to Purr
& jump up in a lap
No normal person could last 30 years of torture
Like I have in this cell
I must not be normal then
Recent years seem heavier to endure
perhaps being in a lock-down setting continuous
or just maybe I'm part wolf
Ready to run free
