Tallahassee, Florida 32301

Dear Innocence Project

I was falsely incarcerated and charged with first degree murder on October 19, 1982, and sentenced to death in July of 1983, sadly the well documented record will reflect to the unbiased observer that I been trapped in a catch 22, through repeatedly receiving a facade of State paid legal assistance complicit in oppressing and suppressing the truth of the grave injustice I suffer...

While in a state of deep depression and despondency it was suggest I turn to your organization for assistance! I know you have the ability to quickly research the records and easily verify the veracity of my statements. What I wish to find out is will your organization work with me to take on the State of Florida, to bring forth the overwhelming and blatantly abundant evidence of my innocence?

Also, you can email me through - [jpay.com](mailto:jpay.com)

Respectfully Yours,
