Subject: i am we wednesday

dear priska

i love u so very much

thank u 4 the "im' n "hay birthday wishes "
best present ever
well as answer of 'yes" 2 my prayers

well they changed the phone system to where as i'll b able 2 pay 4 calls with out people having 2 b able
2 accept collect calls
so if u ever up 4 talkin 2 me on the phone just let walt know n we will go from there

it`only 10;30am n my day has been ok so far made 2 bad choices but seemingly corrected them thru
prayer

1st i got mad over people makin a bunch of noise at 6am!

this inspired me 2 put my headphones on n pray 2 god that k-love or the family (gospel stations) came
in

they did,they did :)

2nd got offended that one guy kept playin hookie at the barber shop.

wanted a certain barber so of course he let everybody who came after him go b4 him

well ive been there so i just cast down my emotions by acknowledge ing i'm just as guilty as him
n itll b ok doesn't matter who cut my hair or how it looks

hair grows back

oops

almost 4got the 3rd bad choice

a guy i view as suspicious was bout 2 get 2 close 2 me so i politely went tge opposite direction

i get the impression that he b tryin 2

"accidently " touch people

so had 2 avoid it

so im back 2 normal gone eat n do some studying

then

go talk 2 somebody who told me somethin bad happened in racine

pray 4 em

i am we
