ok im back

new environment ,wolves still present...

makin my adjustment though limited cause of the limited information ive ben given. so i must embrace my intellectual custom n FIGURE IT OUT ONMY OWN

observation rules the nation

so ive already learned who's who n whats what in relation 2 possessiveness (men lov 2 b) selfishness (aren't we all) territorialness (men even have seats,toliets,urinals,phones,tables,friends etc - all in free world speak would b termed 'parkin spots'...yes road rage exist in prison)

so i must walk on water by timin out my shower,bathrom breaks,kiosk/phone usage,chowhall attendance,dayroom presence... found out the best time is early in the a.m. which means not exercising at peak hours of 4-6pm. not that i live in fear just i am called 2 walk in wisdom. while exercising the dominion entrusted 2 me as a child of god. jesus did this...

recall him sayin" there r 12hrs in a day let a man work durin that time,4 the darkness comes when no man can work" notice that jesus didnt do minisrty /public socialization after a certain time. does that make sense? would b foolish 2 try n minister 2 gang members in chicago in the wee hours of midnight. feel me

well i will use this time at pdci 2 LET PRISON GO

n get acclimated 2 the free world

so im prayin 4 a wife

peace
