

The plans that disrupts the
true purpose. When is the end
to the pedisimus?

American people are tired of vibing to the same music (reclaim it ideals
that has failed over and over in our government. What makes the
present ~~per~~ presidential candidates different from the past
Candidates nothing at all. Maybe just their character that is it.
We are still hearing the same reiterate again. What can we do
as Americans? Do not vote for them. Make them come up to the
American people standards and wants. Force them to come up with
better ideals than the one they have. This should be the mindset
of American voters. If we get the voters mindset in the right position.
Then we want have to worrying about ~~o~~ just anybody get our
leadership position based off reiterate, chads and uneducated
about how to lead in a position. Today I was thinking it does not
matter who gets the senate; Democratic or Republican because
neither one is going to do anything worth while but fight each
other. which has become the new norm for our government
in America. I briefly want to discuss about Bernie Sanders
policy (Medicare for all) myself feels some insecurity about
this ideal. I feel we are skating on thin ice when it comes to
our economy. Second I wonder had it been done before. My friend
says it has been done. She said she stayed in a commonwealth
STATE (Kentucky) they had Medicare for all, it was called wellcare.
This was the period of 2015-2017. So I then, I said did it matter
about your income. She said no because her mom had a good
pay income job. I said how was the economy she said she
didn't know. This is the problem I have with Medicare for all.
We can say we will tax the wealth or the middle class. after a
while these individual is going to get tired of being taxed for
everything. That ends up ~~been~~ being distressful for the group of

people. Personally I am tired of revisiting health care etc. Sometimes people make a mountain out of a mound. To me mountains has its rightful place. We got to stop magnifying small problems a mound is so easy to knock down. All a mound is a pile or bank of earth and a natural elevation as a small hill. We came to the conclusion that Obama Care is not the problem. But we keep revisiting appealing Obama Care. If alot of people assured under his care, why tamper with we need to reappeal Obama Care. Those group of people cannot stand the name Obama. If it was Trump Care those individual wouldn't have no problems. We came to the conclusion the problems with making sure the rest of the Americans was assured through Obama Care; was the premiums too high and prices of medicine. So our country has to work with private insurance companies and get prices lowered on the medicine. What is ~~hard~~ so hard about negotiating with these people to get the job done. I don't understand. Another problem we having in health care. Why are some of the local hospitals and mental health facilities closing their doors? What is George Fox in the local government doing with the budget in those individual counties. No hospital or mental health facilities should ~~ever~~ ever close the door. Because always need both places. Health and mental health has embroaderen itself over the years. Many Americans need the help from both. We never had this problems in 80's and 90's. All of certain in the 2000's things has turned for the worst. Trump really need to turnaround for us Americans. Today in this writing we are going to touch base on alot of trouble areas. Let's talk about the opioids. Really I am tired of excuses of why people cant get off drugs or overcome addictions. I cant kick this opioid addiction I am depressed etc. I myself has been addicted to latex and over the counter drugs. But I kicked my addiction because I discovered the greater plan of living on this earth is to help someone else to over come their addiction. It's time to talk about the real

problems that causing you not wanting to live. All you want to stay ~~numb~~ numb to reality. I had to face my grants of reality. My mom didn't want me at birth, being molested three times, raped and being mistreated by men, family and friends who I thought loved me. Currently we have opioid crisis because the Americans don't want to deal with reality of what is truly hurting them and some are still hanging around the same play mates. These addiction ~~to~~ Alcoholic, drugs and sexual addiction can be overcome, you have to go to back to how did these addiction entered your life. Deal with that very ~~real~~ reason. Stop rationalize with yourself. I am the way because of this. That this can ruin your whole life. you gotta want to be free. It doesn't matter how much the government pays out to help with opioid addiction. To me it's a waste of money. when their crack cocaine addiction nobody paid out money for the addicts. They was overdosing. When people notice your stoned they may say he or she has issues. Do you know who else knows we have issue? The lord knows. Proverbs 4:23 Keep your heart with all diligence. For out of it springs the issue of life. What is hurting your heart that causing you to be a addict, make the same ole decision and you keep getting side track when you said I don't want to do this no more. I am going to show you ways to overcome. It's time to put these addiction out of business in your life. Whether you robbing, killing, stealing, raping, molesting, child pornography, human trafficking, aggravating assaulting a living chaotic lifestyle, or ~~sexual addiction~~ ^{Sin} (to feed your addiction) How is it you keep violating the law. What is the definition of sinning - violation of conscience or divine law, missing the mark, falling short of God's perfect standard. Why is it you always get caught or find yourself in trouble. Genesis 4:6-7 Holy Bible Then the lord said to Cain why are you angry? Why is your face downcast? Do you do what is right, will ~~not~~ you not

be accepted? But if you do not do what right, sin is
crouching at your door, it denies to have you but you
must master it. How do you react when someone suggests
you have done something wrong? Do you move to correct
the mistake or deny that you need to correct it? Cain sacrifice
was rejected, God gave him the chance to right his wrong and
try again. God even encourage him to do this! But Cain refused
and the rest of his life is starting example of what happen to
those who refuse to admit their mistakes. The next time someone
suggests you are wrong, take an honest look at yourself and
choose God's way instead of cain's. For cain to master the sin lurking
at the entrance to his desires, he would have to give up his
jealous anger so that sin would not find a foothold in his
life. Sin is still crouching at our doors today. Like Cain, we
will be victims of sins if we do not master it. But we cannot
master sin in our own strength. Instead we must turn to God
to receive faith for ourselves and faith and strength from
other believers. The Holy Spirit will help us master sin. This
will be a life long battle that will not be over until we
are face to face with Christ. you can stay free but you got
to give it to the Lord and have strong support system within a
ministry so you can have people that surrounds you with
prayers. when you feel yourself getting ~~to~~ weak. Second be
mindful who you keep company with. proverbs 54:13-17 Even
friends can make you fall. It is difficult for people to
decept the fact that friends and acquaintances might be
luring them to do wrong. young people who want to be accepted
would never want to confront or criticize a friend for
wrong plans or actions. Many other people can't even see
how their friends action could lead to trouble. while

we should be accepting others, we need a healthy skepticism
~~and~~ about human behavior. When you feel yourself being
heavily influenced proceed with caution. Don't let your friends
cause you to fall into sin. Our heart - our feeling of love and
desires - dictates to a great extent how we live because
we always find time to do what we enjoy. Solomon tells
us to guard our heart above all else, making sure we
concentrate on those desires that will keep us on the right
path. Make sure your affections, push you in the right
direction. Put boundaries on your desires; don't go after
everything you see. Look straight ahead keep your eyes
fixed on your goals and don't get side tracked on detours
that lead to sin. People come on ~~stop~~ making excuses ~~for you~~
for your addictions. Let's go to the next subject (education)
Our government usually be goal ~~oriented~~ oriented make sure
our younger generation and people that's in poverty get a good
education. Education was very valuable in the 80's, 90's and
early 2000's for our leaders in the government. But now that
Trump is in the office clearly from the beginning this was not
an important area for him because he is having to pay all those
University student back from where he took from them at his
University. So that is the least in his to do list. How many
schools, ^{and} colleges ~~has~~ has closed down since he has been in
office? Personally I thought we had gotten over segregated
school in United State. The remedy that help schools to
be segnated was Brown vs Board of Education. But I learned
that are still schools that are not segnated. I was
shocked. How it is that they getting away with this. Also
so many of our young college students has large ~~tuition~~ tuition
bills. We need to take a closer look segnation of

Schools, what is our local government doing in the budget that is causing these schools to close. We need to look at the cost of education for our children. Why is it so high? The economy is based on jobs and taxes and economic growth. Nobody should have to create jobs for us Americans. We need to open more small businesses that create a stronger economy for us. You don't need to depend solely on the government to do that for you. There are some talented people in our country. Use those talents to create your own world of business. Immigration reform has been gotten out of hand. We have entered a world of ridiculousness and shame when it comes to immigration reform. Really the immigrants that are not a threat to us Americans; we should not worry about. The ones are ship them back to their country. We got to stop breaking up families that are not harmful. Leave the immigrant children alone. ICE has done ~~enough~~ enough harm to them. ~~We~~ We got to stop stereotyping immigrants as gang members or bad people. Cause that is not true for all. US Americans don't like to be stereotype. Why do it to others?
