NATE'S NEWS, 18 Aug. 2019

Well, I'll let Father John add as a comment a pasted-together e-mail giving all the details, but things have been rough here lately. I need readers to call my warden (sue novak) & security director (brian gustke) & object to them not doing anything about Sgt. RANDALL BENNINGER framing me for having a razor then allowing DANIEL WACHOWIAK (the cellmate I had @ the time) to steal/destroy most of my property, including irreplaceable family photos (my family has left me...), the whole file for Case # 18-cv-2027, E.D. Wis., a law book & hundreds of dollars in stuff that Father John & Doc Zigmond just bought to help me in G.P. (I was only out 9 days before i was framed!)

It's nt easy. I need your support t protect me from...(not inmates...) Please call at 608-742-9100.

THANKS!
