

## HELP SUPPORT OUR JUSTICE REFORM MOVEMENT

I am now a Inside Organizer for Initiate Justice ([www.initiatejustice.org](http://www.initiatejustice.org)).  
Who are we?

Initiate Justice was founded, 9/20/16, to build a safe CA free from mass incarceration. We change criminal justice laws. We are made up of incarcerated people, formerly incarcerated people, & people w/incarcerated loved ones.

### Our Goals:

- organize to inform & support civic engagement
- introduce & pass bills & ballot initiatives that aim to end mass criminalization & incarceration
- reduce prison population while investing in health, economic opportunities, & restorative justice in our communities (e.g., see my previous post)

At the moment, we are heavily involved in ACA 6--"Free the Vote Act"--which would restore voting rights to people on parole in CA. This is part of a growing national movement to reverse the long-established strategy of disenfranchising people of color & the poor.

Please go to [www.initiatejustice.org/donate](http://www.initiatejustice.org/donate) to help support our cause by donating \$1- \$5 (of course we will accept more). Any amount you can donate will be greatly appreciated & help us reform our justice system & communities.

In solidarity.

Thank you
