Subject: i am we wednesday

well precious daughter
it's a day early but the kiosk was open n i have news 2 share
dont know if its good or bad
but it's news nevertheless

2day i went 2 hsu (our version of a hospital)
i had but in 4 the eye dr n they called me 2day at bout 10am
expected to get the updated eye exam treatment
but this was one on the check ups they give 40 yr olds once a year
so i didn't leave with an updated prescriptions like i wanted
all good
least the exam thing was free (:
lord knows i only got like 20 cents 2 my name
ne who me n the eye dr talked bout my wearing glasses n y n if glaucoma run in my family

well she shined some lights in my eyes
after the puffs of air thingamajiggy
then looked at em close up...
the end result

she said,
"i got bad news
u dont have 2 keep getting tested for glaucoma
looks like u got it.
a kind thats not 2 common
i'm goin 2 give u some eye drops 2 take at night
which may help
but wont improve ur sight
probably sting a lil
besides that i am going to
order more tests
n i want u 2 try doin ur job
(crochetin)
without ur glasses
seems ur near vision gettin worse
if need b we can get u signed up 4 single vision readin glasses "

she wished me a good day n i left.

after work i sat n thought bout what it all means

2 b losin my sight n all
in the end figure im gone keep praising god
n keep walkin by faith
literaly

other than that got blessed by a book i browsed through
tryin 2 get a hold of it
did email the author

love u hope 2 see u soon
i am we dad
