"SENATOR VISIT"

Today Thursday August 29,2019 at approximately 4:30 pm some Senator came in the building. Not sure who it was. The administration took them to the north side of the building to keep them away from me, and away from this end which has the most damage to the building. We were hoping they would come talk to me. I wanted to show them these vents with all the dirt in them. The mosquitoes, my neighbor had just killed one splattering blood all over the wall. Wanted them to experience the heat on this wing. There's that and some other stuff I wanted them to see. Oh well, one day, it'll happen. I spoke with an attorney today, and I'm trying to get them to get the Judge to bring in a mold and building inspector. So we will see if it happens. I am persistent. Well I just wanted to update everyone on today's events. God bless you all. And continue to fight the good fight.

Sincerely Ronald W. Clark Jr. #812974
