SILLY JUVENILE ACTS OF REPRISALS

By Ronald W. Clark Jr

Well the stuff their doing, its really juvenile. Like their leaving the hallway catwalk lights on due to my filing a grievance on it But the memo states that these lights will be cut off when staff is not on the wing. And the videotape of these wings will show that their not complying with this memo.

But another inmate told me on the yard today, that he over heard rec staff saying they were going to get me for this. That their going to put my ass on disciplinary confinement, and get this tablet and emails out of my hand. Their just mad cause they can't get me to slow down. Now there's some really serious issues that I haven't shared yet. They keep it up, and I'm going to tell all. And that will not sit well with the American public. While I was at RMC today, I was talking with an inmates from other prisons. I've got some stuff to share about that in an essay that I'll be writing over the weekend. But if these threats, are turned into actions of reprisal, well you heard it hear first. And this juvenile behavior... well it needs to end. They need to act like professionals. Its the guidelines and standards for which they are governed by under 33-208.002 Rules of Conduct. But again its a bunch of beautiful hollow words, that only a few of them honor. Let's try to instill these rules into all of them. God bless you all and continue to fight the good fight.
