

Love Note

My Dearest Love:

9/15/19

I dream of you, I dream of you after, I dream of you at night, I dream of you in the middle of the day, I dream of you sitting here in my arms watching as the dawn breaks, I dream of you in the heat of a summers evening sitting beside me under a shade tree down by the creek, I dream of you on Monday mornings while beginning my week, I dream of you at sunrise with that smile on your face, I dream of you while sailing across the ocean with happiness in your eyes, I dream of you holding my arm while walking down city streets, I dream of you while hiking mountain trails, I dream of you on spring afternoons out in open meadows smelling the flowers, I dream of your kisses on my lips, I dream of you on the top of snow covered mountains with a snowboard in your hands, I dream of you at 16, I dream of you again at 73, I dream of you always, I dream of all we've shared, I dream of our love, I dream of you? 

I'll Always Love You
Forever & Ever
Your Steve

P.S. These are only Septembers dream and it's only the 15th of forever
