T-R-U-S-T

The must of all the relationship: trust  
This grease of unworry  
The drive not to dive  
With rope on neck  
Or knife in hand

The must of all the relationship fuss  
This flame of desire  
Met only in fire  
With hope in wreck  
Or love unlike it began

The must of all the relationship lust  
This being belonged of another  
The strive just to feel alive  
With slope down or up  
The choice of one, a guide in luck

T-R-U-S-T

The must of all relationship nonbust  
The lucky to keep it in time  
The lucky to love each other in kind...
