

YOU ABOVE 3rd

you my asawa above all things live and loved

you my reality glove, holding me this third.
for, it is you pinay princess

who will become us; and if I am sad
whatever has bothered me/us will hinder not
what we are to become. Bana and asawa
husband and wife entirely of own

whose any trust makes every other's
heart green beyond all belief

that they have, do, will naysay us forbid
and in *jaded* jealousy false friends will still
ring out, calling for our third to mark end
for their delight; but we listen not

we stay on month to month to coming year
to teach them how to dance me and you above all
