A Special Blog Post to All Interested

This Blog Post IS About A Little Person who had just turned 6 years old: A had no choice in dieing OR ANYWAY At All to defend her helpless self Because she wa just only one Against A Group of Adults who had in mind But Nothing For Her But to sacrifice: I Had been keeping up with Jon Benet Ramsey's murder since it happened in 1996 At Christmas And since I have been locked since And Before her murder I have managed to Read MR. Lawrence Schiller Book titled Perfect murder & Perfect Town: To me it is A complete Shame of some of the Facts that MR. Schiller tells About in His Fine work As Author: Also he was one of the main Detective: I have taken some Notes From his Book And some of the words he uses are words like (Eucharist) (meaning The (sacrifice) of the mass) (Penance) definition in websters Dictionary ①: A punishment under gone As penitence For sin: ②: A Penitential discipline imposed by church Authority: (Rite) (of passage) ①: A ceremony to Facilitate OR MARK A Person's change in status on A significant occasion, As At the onset of Puberty OR upon entry into A select group: ②: Any Act OR Event marking A Passage From one stage of Life to Another: (Sacrament) ①: A Rite considered to have been established by Christ As A channel For grace. Also the Anointing of the sick, Confirmation, Holy orders, Penance: (Sacramental) ②: powerfully binding: obligation: ③: A sacred Act ceremony: (The Byzantine Rite) (Ritual) of OR Pertaining to Rites OR Ritual: (Ritual LAW) on Page [53] The Ramsey's were members of the church of St. Johns. on Page 36: Fleet White said BACK in 71 when he & wife moved to Boulder He was A CPA And had been A devoted member of St. Johns A member of its vestry ever since

on page (38) John & Patsy were At Fleet White's House on Christmas Eve Night. Jon Benet - her Brother Burk and the White's daughter Megan were All Talking of Santa Claus and was All Excited. Jon Benet was Ask by Barbara Kostanick Had she saw Santa yet. And Jon Benet has said yes that he was At their Party the other Night. And he had said that He promised that he would come visit her After Christmas and it would be A secret. so the Whites were the Last to Be visit by John & Patsy on there way Home. Christmas Eve Night. It says that Jon Benet had gotten tired and that John had told her to go-out and get In the BACK set of the car and Rap up In her Blanket. so she had did that. Now It had been snowing All Day and was still showing Light. John & Patsy are At Two Friends' House plus Megan had Baby-set Jon Benet Before. so why wouldn't Mrs. White say No don't go-out you can come with me and I'll put you In Megan's Room where you will still be warm. Because It's to cold out In your Daddy's car. Also when John Drove Home From the Whites, he stated that when they go Home and were getten out of the car he tried to Rouse Jon Benet From sleep but couldn't so he pick her up In her Blanket and carried her up to her Room and put her to bed then said he had Read A Book to her IF she were to sleepy to get out of the car. why would John Read A Book to her and her being Asleep? Then Patsy's Interview she states that she went Into Jon Benet Room After John had placed her In Bed and had changed her Into her Night clothes. This Is the same clothes she had on when they Found her dead In her same Blanket In the wine seller where John was supposed to have Already Looked Before. she still had All her Jewelry on ON the middle Finger of the Right hand were A yellow Band on her Right wrist were A yellow metal Identification

Bracelet with her Name JonBenet on one side the Date 12/25/96 on the other side. A Red Ink Line Drawing In the Form of a Heart was Located on the Palm of the Left hand.

Also the Pathologist did the Autopsy MR. John Meyer, said There were a white cord flattened approximately $\frac{1}{4}$ inch in width, white synthetic material. Around her Neck was Gold Chain with a Cross. A groove was in JonBenet's Neck by the cord, in front. below the prominence of her LARYNX. The groove circled her Neck completely horizontally deviating slightly upward near the BACK, some furrows close to half inch wide. Abrasions could be seen both above & below the groove. Included a Roughly Triangular Abrasion the size of a 25¢ piece on the Left side of her Neck. She also had all these Abrasions on her BACK and on the BACKS of her Legs. her clothes were long sleeved white knit collarless shirt. the mid anterior on the chest area contained embroidered Silver STAR decorated with silver sequins. Anyone with

Common sense that knows anything about Rites & Rituals sacrifices. voodoo & voodooism; clairvoyant. Also John had started to read books on metaphysics. And beyond The Physical - Incorporate or Supernatural. About Life After Death. All kinds of SPIRITUAL BOOK. In John's Interview referred to screening the video of SPY-world and self-defense. Also Patsy had been reading cancer conqueror Incredible Journey to wellness. Plus on page

(41) when Patsy reached up & touched PAM's face "couldn't you fix this for me?" she ASK, PAM thought she was delirious, it was as if Patsy were ASKING her to FIX A Ripped seam. Patsy said something like, we didn't mean for that to happen. That's like when PAM Griffin said on page (41) when these new people had come to visit Patsy during JonBenet's death. They were strangers to PAM. the people that PAM & Patsy were ~~entirely~~ entirely different from these people.

When Jon Benet's Brother BURK was ASK did he hear ANY Thing in his sleep? He said he heard voices, in the distance, from down the hall OR on the front stairs, maybe his mother had come into his room. he was sure he stayed in his bed & pretended to be ASLEEP, even when his Dad came in, he said he was concerned while he pretended. BURK said he told Schuler he was AWAKE when his mother made the phone call, that his parents may thought he was ASLEEP but he wasn't, he also said he had stayed in his room the whole time, on page (369). Patty Novack said she met Patsy at church after church Patsy would take off with Jon Benet and go to some pageant. Patty said it was not just a couple Sundays that Patsy would participate in these pageant practices.

well I don't mean to discriminate against anyone of the named people in my blog post. Also I am not making ANY allegations against anyone of these people. But in all of the superstition evidence of the rope all the abrasions on her little body. Also this roughly cut triangular on the left side of her neck, that resemble a pyramid abrasion either cut or burned into her neck. Points to some type of a ritual rite sacrifice as a offering for some forgiving of sin, or to try to pass one's spirit from one person's body to some dead body. OR the offering of one's soul in exchange to heal a sick person with a severe disease like cancer. There would not be any stranger to come into a house and take all that time to do all these things to little Jon Benet for fear of getting caught. But not one investigator had any thought about this kind of evidence enough to start looking at this subject matter. I hope people will read this post and start to think about this little girl with no one at all to help her in time of need only 6 years old. Please help her if you can please!!!
