

BTB. As the year closes my cycle of Dec. 2013 to Dec 2019, it is my wish to provide these three pages to share with others who blog here between the bars. Please pass it along.

**CRIMINON**

INTERNATIONAL

## Rehabilitation is Possible

"By participating in Criminon, I've learned a great deal of respect for myself, as well as others. I've grown in courage, persistence, acceptability, honesty, accountability and caring in nature.

I've learned that in order to make change, one must be willing to accept the many changes that will endure the obstacles that may hinder the process of one's aim to please oneself, as well as others. Change endures grief-pain-motivation and the will to want what's right.

And by the participation in Criminon, I've been able to grow as a man. A better husband and parent. One who loves the meaning of being a positive human being. And I must admit that Criminon has changed me for the better. And I am eager to continue with more courses.

Criminon WUS has the purpose to help rehabilitate inmates, and we consider The Way To Happiness Course a vital step in the process. This course displaces the "criminal code of conduct" by teaching a common-sense moral code that anyone can use to live a life of stability and productivity, where they can be safe and happy, and most importantly get back and maintain their self-respect.
