

(CONCEPT OF SELF)

bring their own style to this world however if you don't believe that you are unique how can you expect to deliver your uniqueness upon this world we live in.

(DO YOU UNDERSTAND YOUR WORTH TO THIS WORLD?)

TO believe in who you are as a person allows you to keep control of "YOU", and what you allow into your belief system. For a belief is that of what you believe, and no one else can tell you that your belief system is in correct because you have that right to believe in what you want.

SO let's dig into what makes each individual unique in their own way, and it's called for you to believe that you are worth something in this world.

individual needs to believe before they can love themselves fully. For so many they don't understand themselves so it's hard for them to love something they don't understand. So you must first understand that you are who you are, and learn to love who you are, and who you turn out to be, and that means loving your good, and your bad. You have to understand that looks isn't the core of your beauty, and that beauty is in the eye of the beholder. Next you have to come to term with the fact that your inner beauty is that of which you should want others to judge you off of because that's what show people who you truly are. Now if you love yourself then your comfortable with how you look, and who you are which means that if someone don't like you for who you are then they shouldn't be in your life because you don't need no one to love you because you have learnt to love yourself. (YOUR LIFE YOUR CHOICE)

WHAT YOU DO IN YOUR LIFE IS YOUR CHOICE, YOU CHOOSE THE CUT CORNER
YOU CHOOSE YOUR GROWTH, AND YOU CHOOSE YOUR DOWN FALL WHICH MEANS
YOUR IN CONTROL OF WHAT YOU DO OR DON'T DO SO THE ONLY PERSON
TO BLAME IF YOU GIVE UP IS YOU.
BY: KING LEO

SO I POST THIS QUESTION TO ALL.

(HOW DO SO MANY GIVE UP AFTER ONE SET BACK?)

I believe that for so many they have been told they were failures
their entire life that when they do fail in adulthood they result to
the belief that they let everyone down, and in return they shut down
causen themselves to give up on what they want, and fall into this
type of slump where they begin to use, abuse, and hate themselves
until they are so low there is no coming back for them, and this is the
only way these sort of people understand how to react when they have
fail. In return this is the only way they believe they could please
those they feel they let down which is a "MENTAL PRISON" they have form
to help them in their belief that everyone thinks their failures anyway.

(BELIEF IS THE KEY TO SUCCESS)

You have to believe in you before you can try to step out on
your own, and take on the world which is design to show you your best,
and worst of who you are. However if you don't fully understand who you
are how can you think to fully understand what your able to do in life
on your own. This is the reason as individuals we must first learn
and know self before we can understand our better self. XXXXXXXXXX

Your worth as a individual is something you must first believe
you have, and once you believe that you must first allow yourself the
opportunity to learn everything about who you are so that you can learn
what your strengths, and weaknesses are as well. This allows you to
understand what you can, and can't handle so that when you are force
into these type of situations you would've learnt how to deal with
those situations when the time has come. Once you have learnt who you
are it allows you to know what you want in life, and who you want in
your life. This allows you to choose the person who best fits you so
that you don't have to settle for someone who doesn't fit you because
you don't understand your worth as a person.
