The Takings, or, An Inconvenient Truth:
An Illustrated Tale

Plz return the 2 color pages in SASE. Thanks!!

I've been wanting to post the following cartoon/comic/drawing/story/allegory for a long time now. I took the character's style from Pon & Zi, which you can find a wealth of at about a million emo-oriented websites. Panels #1 and #10 are near-copies of actual Pon & Zi comics, and they inspired the piece I ultimately drew.

This is a true story, right up to the last panel, which... well, I have mixed feelings about and also plenty of doubts, for better or for worse. I can only speak with certainty about the blue character, and so far as it goes, the depictions are 100% accurate to real events and attitudes.

I hope you enjoy it... I'd never cartooned before this, which I drew in 2009. My panel arrangement isn't really ideal, which is why they are all numbered.

Today's Quote:

"It is hard to get a man to understand something when his salary depends upon his not understanding it." —Upton Sinclair

(I suspect, for some, it may be salary; and for others, perhaps worldview, or the need to believe in what they depend on.)
