Subject: Please pray for America...

As 2019 draws to a close I hope that everyone will pray for America and that our eyes will be open to recognize the truth.

This reminds me of when you're trying to talk an angry drunk to not drive their own car home. They think they have it all figured out. In their own mind, they are fully capable and functioning, but as we watch them stumble and trip and struggle to unlock the car door, our heart breaks. What seems so painfully obvious cannot be seen or understood by the drunk.

We all should be in humble prayer about this impeachment entering the next phase, early next year. It seems to me that so many very intelligent people have blinders on. They only see what they want to see. Even people in prison that I speak with are acting like angry drunks. They just do not see the problem.

I assure you, One side is very wrong. Our future as a country depends upon all of us figuring it out and seeing the truth.

We must pray.

How can we as a country go on, when so many people just cannot see what appears to be so painfully obvious?

I believe only God almighty can remove the scales on our eyes and defend this great Nation. Without this clarity I cannot imagine what 2020 could look like for America as we near the next election.

God's blessings to all Americans. May our prayers be answered. wdl
