

OPEN LETTER 2020

Happy new year to all. My thanks for the support and friendship the many readers writers posted coments. it means alot to me to get your feedback. Being objective- hearing all sides, views, I am appreciative of everyones points of view.

Although my recent appeal was denied, its just a step i must pass through to get to the meat and potato's of the legal issues. Lets keep eyes focused on the bigger picture - reaching the goal to have the truth exposed about the blatent violations of the basic fundamental of trial process the law and defendants rights to a fair trial. I hope to get a fair trial and have the truth heard some day...

I remain in struggle - In solidarity,

Write me snail mail (only)white paper/envelopes allowed 3/1/2020 new rules. I perfer mail as j pays are frequently LOST!

respectfully,
