Subject: blessing

last night during the night watches god blessed me with a vision  
in it

i seen a page outta my own bible

it was on the left side of my thompson chain reference

n highlighted

in da vision

was stood out most strongly was the word

RESTORE

this happened twice

suddenly i was left with the lovely impression of family restoration

specifically my daughter

PRISKA

comin back into my life

my soul smiled

as did my heart

more so as god reminded me 2 log this prophetic vision in my bible as i spent quiet time with  
him,

wanted 2 spend hours reading but

felt compelled 2

LISTEN

specially as my heart was flooded with words 2 say in the newly revised 1st chapter of the  
memoir .

amen

(publisher round the corner...)

(by faith bought 2 pads of paper n carbon paper ,2 black pens didnt come,but i will not be  
discourage ,i got blu pens n if push comes 2 shove i'll make somethin 2 write with.... cookie  
cream...noodle seasonin,water etc)

my bad i digress ...

the scripture from the dream was

2 kings 8;6

which reads in part...

"... RESTORE all that was hers n all the fruits of the field since the day that she left the land  
even until now."

god thank u 4 RESTORING priska unto me im so undeserving seein i been gone her whole life.

thank u that GRACE dont give us what we deserve

amen
