Subject: so blessed

lets wake up 2 praise stead of complaint

:)

so i praise n thank God that despite the fact that the FLU N PNEUMONIA  
r present on my unit hallway of like 50 people  
n 12 were quarantined (8 just came off 10 minutes ago n 1 of em bout 2 go in my room...)  
that none of these plagues came near my dwellin  
i praise god all i experienced was the usual runnin nose  
this despite people intentionally tryin 2 get others sick

;(

some go so far as 2 attempt 2 cough on u or literally in ur mouth if u have it open !

1 guy even had 2 b repeatedly told 2 put his mask on when comin out his room

(the devil on the prowl)
