

## Love Note

My Dearest Love:

1/13/20

I woke up this morning with you laying here in my arms with that beautiful smile on face. In turn that smile your smile brought that big grin to my face - you know the one, the one that makes you laugh just looking at it even when you're mad at me and I broke out laughing out loud just thinking about it - woke up the whole graystone hotel. No matter what bad I've done in life I look down at you in my arms and I'm holding all the aces I'll ever need. You are my safety net, your smile gives me the confidence to tell you how much I love you. If I should slip and fall somewhere along the way I know that you will be there with open arms to catch me and take me back into your loving heart. There's something about the hearts of true lovers - they are much bigger, much stronger, much more open than other hearts. Knowing that I am a part of your heart makes my heart feel that much happier the way a song bird must feel when he's singing to his mate in the top of trees where they are always together. Almost Heaven.

I'll Love You Always  
Forever & Ever  
Your Steve
