

Impeachment Trial

Why is Mitch McConnell has a say so in anything. His hands are not clean. If you would fact check him and his election. That he is the same as Donald Trump so he is going to agree with Donald Trump all the fullest that Mr. Trump didn't do no wrong. Mitch McConnell was running in election. His opponent was in the lead Mitch McConnell went and dug dirty on that man. Cause him to loose election. He won. Mitchell McConnell made campaign promise. One of the voters was trying to talk to him that he didn't keep his word. Mitch McConnell kept walking. All cared about is winning that seat. What kind of election and campaign these Republican ran that are backing Donald J. Trump saying this man didn't do nothing wrong. It clearly he broke the law. How many personal favors been done by Donald J. Trump for these Republican that causing these republicans to bend backwards. Because it a lie about its hoax, witch hunt, no due process or could it be racism thing with the Republican because I am seeing a room full of ~~caucasian~~ caucasian behind Donald Trump on these news press. If it was Obama in this situation. He was Republican would these same Republican back him h — nah because he is African American. ~~So~~ This is clearly a racist, dirty politicizing situation Donald J. Trump deserve to be impeached right on up out the president seat. Enough is enough. Democrats don't let the Republican pay play you - you all are doing a good job.
