

## "ALWAYS BE REMEMBERED"

GREETINGS AND BLESSINGS! It is my hope that when this message reaches you, that it reaches you in high spirits, sound mind, and exceptional health. Your words brought much needed light and illumination to this dark world (prison). It's unfortunate that I have to communicate with you from behind these prison walls, but with these words that I write, I'm reaching out beyond these walls, and sending you waves of love, light, and positive energy.

Of course I remember who you are, you were raised in my presence. Unfortunately, even though I watched you grow as a boy, I was not around to see you blossom into a man. Nevertheless, you was always destined for greatness, and in your reflection, I see reflected the magnificence of your greatness.

It has been 17 years since I was physically **FREE** from these shackles and cages, but fortunately I have remained mentally **FREE** and uncaged. When they convicted and sentenced me for crimes that I am innocent of, they hoped to break my mind and spirit. When they subjected me to the cruel, inhumane, torturous, and abnormal isolation of solitary confinement for the past 14 years (and counting), they expected me to become weak and broken. Instead I became more resilient and stronger (physically and mentally). This experience that I have experienced, has fractured my heart, shattered my spirit, and ripped my soul to shredded pieces, yet my mind remains **FREE** and unbroken. My mind remains **FREE** from handcuffs and shackles. My mind remains **FREE** to think, imagine, dream, and hold onto memories, and within the confines of my mind, you will — **ALWAYS BE REMEMBERED.**

PEACE AND BLESSINGS,

TROY
