

The wake up call organization

The wake up call organization is a organization that is being form to bring refreshness to the table of discussion. So pull out your recliner, get a you a drink and a bit to eat. Chill out while you flip through the pages of conversation that can regenerate, re-vive oneself, excite and refresh you. But more so bring newness in your life. Just to reflect a little in Bible times, wine was not kept in glass bottles but in goat skins sewn around the edges to form water ~~tights~~ tight-bags. New wine ~~was~~ expanded as it fermented, stretching its wineskin. After the wine had aged the stretched skin would burst if more new wine was poured into it. New wine, therefore was always put into new wineskins. Jesus used this description to explain that he had not come to patch up the old religious system of Judaism with its rules and traditions. His purpose was to bring in something new though it had been prophesied for centuries. The new message the gospel, said that Jesus Christ, ~~God's~~ God's son came to earth to offer all people forgiveness of sins and reconciliation with God. The gospel did not fit into the old rigid legalistic system of religion. It need a fresh start. The message will always remain "new" because it must be accepted and applied in every generation. When we follow Christ, we must ~~be~~ be prepared for new ways to live, new ways to look at people and new ways to serve our communities, neighborhoods, Juvenile Facilities, schools, prisons, jail, government, America and other nation. It's time to take off them weights of problems that's been weighing you down. Let God live to the fullest in newness. Whatever you want to get back it's your season.
