

## The fresh look Presidential Runoff

I've set back in observe every candidate long enough for me when you are voting for any leader. you basically putting your life into their hands. I don't take election lightly no more. The race has been like a circus. let's get down to the issue I see with voters and candidates. We live in a society where there is a lot social media. The younger Generation loves action, hype, coolness, and what's trending, and who is the most popular. Beside Donald Trump is like this. I betcha Bonnie Sanders will beat Donald Trump any day you see its like they ~~viewing~~ viewing this race as wrestling match. When the race is more vital than a wrestling match. The youth and Latino has to realize this is serious ~~we~~ deal we're dealing with a socialist. Do anyone know what it mean? Are even care to know. When you vote Bonnie Sanders - you are advocating socialism. Socialism ~~is~~ a member of a political party or group that advocate socialism. Socialism - social system in which the means of producing and distributing goods are owned collectively and political power is exercised by the whole community. The ~~is~~ theory or practice of those who support such a social system. The building of the material base of communism under the dictatorship of the proletariat in Marxist - Leninist Theory. Do you realize communism is a theoretical economic system characterized by collective ownership of property and of labor for the common advantage of all members. (medicare for all). A system of government in which the State controls the economy and a single party holds power, claiming to work toward a social order in which all goods are equally shared. The Marxist-Leninist version of Communist doctrine that advocates the ~~over~~ overthrow of capitalism by the revolution of the proletariat. who are proletariat the poorest class of working people. They have been a target for Donald Trump and now Bonnie Sanders. These are the people having to work two jobs to make ends meet but the economy is booming. Medicare

originated (1965) The bill was established for government health insurance program for elderly, signed by President Johnson July 3d. President Bush signed bill December 8, 2003 to overhaul Medicare, adding prescription drug benefit and expanding role of private insurance companies. 4.5 Budget Receipts and outlays, fiscal years 2000-16 Medicare <sup>year</sup> 2000-~~197,13~~<sup>197,113</sup> 2005-298,638, 2010-<sup>year</sup> 451,634, ~~2014~~<sup>year</sup> 511,688, 2015-546,202 2016-594-534 The medicare start out for elderly but later on expanded to low income mothers and disability people. I'll look at the past history of medicare budgets how it went up each year. Could you imagine everyone on medicare. What the budget would look like. We would bottom out financially. No to Bonnie Sanders be our president. We don't need socialism or dictatorship or communism, younger people and latinos needs to open their eyes to what they are really for and supporting because Bonnie Sanders is going to lead us on a darker path. Americans, let's talk about Bloomberg. I don't like how he is trying to buy ~~this~~ race. That is not what our democracy is about. When you are willing to put a dollar to everything. When you get into trouble you pay your way out. Look at the women he silenced. Sounds like another Donald Trump. We don't need another another Billionaire running the country like it's a business. The character of Donald Trump and Bloomberg would will send our government crashing into a spiral that would bring even darker days to democracy and people. Bloomberg was not a good mayor. These people don't have the experience to work with the intelligence, military, economy, local, government. Any one who believes in stop and frisk believe in police brutality and excessive force. They believe the law is above the law. When they are wrong they didn't do anything wrong. ~~Sorry~~ for real Bloomberg think he didn't do anything wrong to those women. He only apologize what he said about stop & frisk because it was recorded. Some people if they are caught. Then he ~~wanted~~ wanted apologize which was not apology. He just sorry he got caught. Bloomberg would not be a good president. Donald Trump is not good a president he has hurt so many Americans and ~~foreign~~ immigrants. He has promoted wrong and called it right. I cannot stand a prideful person who is never wrong even though they are wrong. He is very arrogant. Donald Trump inherited

A good improve on economy when he took office. Obama and Biden had accomplish a lot during the duration of them being in the office. But because President Obama was African American there was a problem with him from Donald Trump which remind of me of black back in the time of slavery. Our African Americans invented a lot but the whites took the credit for it. We are trying to clear up racism in America, Continent and nation but the truth of the matter some people are comfortable being racist. I listen to how Donald Trump represented the African Americans in Baltimore. I've seen how he has done our young nation babies and families. I watch how he ~~is~~ stereotype poor African American and immigrants. I watch how he has belittle helpless people. How he tried to down trod the baby who came up with her campaign for climate change. I didn't do nothing wrong in the Ukraine ~~see~~ Scandal. Our economy is booming but my family member working two jobs to meet ends. The words Donald Trump has spoken out of his mouth to ~~has~~ hurt innocent people. Has torn our intelligence community up and military and Department of justice with foolishness. Anybody who goes out to vote for Donald Trump is wanting four more years of hell. If I was African American, Latino or a immigrant I would not vote for him. Why, so he can continue to tear your life apart. It is not about popularity no more. This is your ~~live~~ life is estate in this vote for president. So many people is pushing Joe Biden. Do anybody know what is. I used to indicate impatience, irritation, disapproval or disbelief. ~~so~~ Everyone keeps ridiculing Joe Biden because he is not loud, feels he don't have a message or he don't speak well like the others. Here is the problem. Mr. Joe Biden is aware of the people problems. Remember he was the vice president. He even said himself that if him and Obama would have done more. Most of American voters problems are redone it health care, pro-life, SS, same sex-benefits etc. So why should Mr. Joe Biden get up say we gonna tackle health care when he knows their can be more Joe for health

Care. Remember he was on the panel for Obama Care. Now if he do take office he has to clean up Donald Trump mess. But guess what he got it, Intelligence he got you, Department of Justice he got you, Military he got you. He got the people that is going to back on him in the process but what we got to stop doing is raining down negative on his character because he is not deliver like you want ~~on~~ him to in words. Sometime the best deliver is the one who never says a word about anything. ~~keep~~ Their proof in the pudding. I love watching the video. Sometimes you look at the person who is coming up. They look like they can't deliver. But when they open their mouth to sing it send chills down your spine like wow. I didn't think he or she had it in her I think about the mailman who delivers mail in your mail box. First thing you say I betcha it's nothing <sup>but</sup> ~~but~~ junkmail. He or she looks like they don't bring nothing but junkmail. Only to ~~open~~ open that say hey I got good mail for you. But it his job to deliver your mail because he has the experience and job to do so. When I think of Joe Biden. I think of a lot of stories. The last one is the best. Ezekiel talked different. He had a plan that was effective. I feel Joe Biden has a plan that is effective. I watched how Joe Biden and President Obama was more hands on with the American people, oversea, caring very interested in the voter problems and was very experience to help the American people and our neighbors oversea. That is why the Americans should vote Joe Biden for president and ~~Sharron~~ Staci Abram for vice president. We need a ~~dynamic~~ dynamic explosion in our election to elect Joe Biden. We need a dynamic explosion in Washington DC that is going to bring about a new season of change. You American thought it was with Bonnie Sanders, Donald Trump but God is doing something different in the spirit.

Donald Trump, Bloomberg, and Bernie Sanders plans need to be disrupted. American people I am feeling strongly about Joe Biden and Staci Abram. God has a greater purpose for the Americans, Continent and United Nation under the leadership of Joe Biden and Staci Abram. I feel a lot of American hearts that are in Sanders and Donald Trump's line to vote for them & telling you need to vote for Joe Biden. You feel a strong tugging your ~~heart~~ heart. Do it. God's plan has to prevail people. I was reading our daily Bread for March 05 Tuesday 2020 It His in.  
Holy Bible Acts 16:6-10

Many are the plans in a person's heart, but it is the Lord's purpose that prevails—Proverbs 19:21

Jane's plans to become a speech therapist ~~ended~~ ended when an internship revealed the job was too emotionally challenging for her. She was given the opportunity to write for a magazine. She'd never seen herself as an author, but years later she found herself advocating for needy families through her writing. Looking back, I can see why God changed my plans, she says. He had a bigger plan for me. The Bible has many stories of disrupted plans. On his second missionary journey, Paul had sought to bring the gospel into Bithynia, but the Spirit of Jesus stopped him (Acts 16:6-7). This must have seemed mystifying: why was Jesus disrupting why mission? The answer came in a dream one night: Macedonia needed him even more. There Paul would plant the first church in Europe. Solomon also observed, Many are the plans in a person's heart, but it is the Lord's purpose that prevails Proverbs 19:21 It's sensible to make plans. A well-known adage goes, fail to plan and you plan to fail. But God may disrupt our plans with his own.

Our challenge is to listen and obey, knowing we can trust God. If we submit to his will, we'll find ourselves fitting into his purpose for our lives. As we continue to make plans, we can add a new twist. Plan to listen, listen to God's plan.

How can you submit your plans to God's plan today?

How can you listen to his plans?

All-Knowing God, give me the faith to listen to you when my plans are disrupted, knowing that you ~~do~~ have a greater purpose for my life.
