

*Do what thou wilt shall be the whole of the Law.*

Pax Vobiscum,

These following pages were delivered to me in a vision (that is, each one at different times.)

I wrote them down at My Beloved Queen whom these speak of passed them along to someone very dear to her, whom took the time to type them out; for this I am truly grateful, as is Cor Lucid herself.

This is the beginnings of "The Gospel of Isis" and these early pages My Beloved Queen as I wish to share with others as welcome all responses of any input or ideas.

I am currently working on a Drawing of this will serve as the Cover to the Gospel of Isis, as I will also be sending a copy of it to the blog once finished.

May all whom read these new additions to My blog be blessed as inspired by their words of deep meanings; may you allow them to penetrate your very heart as cast light into the depths of the heart as let into your hearts the purest love as joy that permeates throughout the universe.

There are more to follow in about two weeks from this date 3/9/2020 - this day being my original birth date many years ago, I felt the desire to begin unveiling this Gospel to those who would chance to read it on this day!

*Love is the Law, Love under will.*
