Afternoon Mrs T

Once again I messed up! Type a whole message n when I went 2 retrieve it like I learned yesterday it disappeared!

Ouch!

I'll script it again best I can from memory

Happy st Patrick's day!

Oddly enuff my mom who got the Irish surname Murphy was born on this day! Praying 2 b able 2 call her on the phone. Time will tell. So far no luck!

Well thanks 4 the sharing of ur Bible buying story, left me excited n wanting 2 hear more!

Got me wanting 2 lay my eyes on that particular Bible! Feed my old soul!

Paintings! Wow! I expected 2 hear that u opened it n several bills of money fell out! N now ur swimming in the money!

Thank u 4 turning it in yet I get the impression that maybe it was meant 4 u 2 keep em!

Sounds selfish but I know how god works! Sometimes he hides a treasure 4 u in a book! Know he's had me do that several times! Hide a poem food etc in a book 2 bless whatever lucky recipient picks the book up!

Reminds me of a story...

A boy asks his dad 4 a car 4 graduating . well on graduation day the son got presented with a bible! Disappointed he stormed off n ensuingly held a grudge against his father. Time went on n his dad died!

Now feeling bad bout life n whatnot he found himself picking up the bible n paging through it. N guess what fell out?!?

Keys 2 the car his dad bought him years ago 4 his graduation not 2 mention a love note in the inside!

Also in my heart is 2 tell u 2 go back 2 the charity book store n see what became of the paintings!

God is up 2 something not sure exactly what but sense there could b a reward involved! Or least another blessing!

Maybe someone will bless u with a book that has money in it or keys 2 a car/house! Or some papers that r worth lots of money!

Maybe plane ticket!

Keep me posted

So how's Bible shopping going?

What did u ultimately purchase? Did u put ur family tree inside it? Make it a family heirloom !

Well the Bible u looking 4 sounds exactly like mines!

Just I didn't buy it like that but made it my own! Can't help but pen noted, prayers, memories, praises, dates, journal entries, dreams, prophetic words, addresses, insights, etc in my Bible's Almost time 2 get another 1 n go 2 town on it! Guess have 2 get a highlighter!

Sounds bout right! Another 2pac documentary!/book! Seen a book at the library like 2 months ago where one of 2pacs friends wrote a book bout their friendship! Even so... The conspiracy continues! Most believe it saying he had a pair of Jordan's in his last music video that didn't come out yet! Knowing what I know bout his heart if PAC was alive he definitely would b dropping updated music bout all the stuff going on specially bout Trump n more importantly bout black lives matter. He knew he was a voice n had a responsibility 2 use it. No way he been able 2 keep silent 24yrs ! So much as he my fave rapper n I would love 2 hear new music by him I accept the fact that he's no longer here! If could watch the documentary 4 free I might check it out...

Meanwhile suge knight son swear 2pac alive n he gone release new music by him pretty soon. Probably out now cause this story was on TMZ late last year or shortly b4: that

I understand ur being persuaded 2 give Epstein the exit keys! So what would b the motivational factor?

There r no globally famous men in this prison.

I was down the hall from Steven Avery back in 2007 during my stay in super max! He cool just didn't expect his voice 2b like it was ...high pitched

Well gone continue job shopping in the fashion designer world once I'm released! Got 2 much on my plate plus b easier 2 shoot them an email, sample design get em on Facebook or least tell them 2 visit my page, when I do finally get one! Who knows might even meet somebody in person!

Thanks 4 sharing ur fashion 4 casting with me! Like the saying  
Shoes with clues!

Course I'm gone have 2 do matching it's n hats!  
Its the head 2 toe in me!

Completely understand the

Don't feed the pigeons

I just have 2 balance compassion, wisdom, obedience, love...

Pray when 2 say

Yes

N when 2 say

No

Working on staying 2 myself

Been wearing my earplugs more n fighting the urge 2 play basketball. Lord knows its consistently the wrong crowd! 2 fight the temptation I decided 2 start working out! 10 minutes here 10 minutes there 5 minutes somewhere else. Just gotta exercise book that spoke on this

very thing. How working out in small increments through out the day is better than one big work out n is spose 2 give u more energy n more strength! Do know its gone help me sleep better. Can already feel it!

Then Ben nickel n dime' n on my bachelor's homework n studying 4. My drivers permit, though I'm less anxious bout it since the DMV trips have been suspended. Did find out yesterday that they bout 2 start a philosophy class based on some Greek philosopher named Ecratees or something 2 that effect once this virus thing is settled. Looking 4 ward 2 it specially since it'll b taught by a college professor

Well not gone make it 2 call my mom it seems  
Well cancel that just went 2 get in line n found out a guy grabbed me a spot  
Amen  
Might come with drama but I'll deal with it  
Might have 2 explain how I'm not stepping on no ones toes  
God got my back!

Hey can't u just wear latex gloves?  
Or some other ones?  
I plan 2 wear hitters as part of my daily attire. Get a bunch of batting n football gloves even winter ones! Might even crochet me some  
Might look into the aftershave thing. think they got some on canteen  
Probably use my blue cleaning rag 4 the phone or some tissue! They might overreact 2 the plastic bag idea! Don't want no problems specially this close 2 the big date. Yeah only staff get hand sanitizer!

Still working on showing em god at work! Gotta crucify my flesh n make sure I stop n pray n not take my being god child 4 granted. Lord knows Satan super at me cause of my being called 2 teach n my heart 2 spread the word of God. Being like Christ definitely a dog fight! Guess I'm up 4 the challenge! Cause lord knows something won't let me throw in the towel even when I stumble n fall got no choice but 2 get up n keep going

Amen at 7:25pm I talked 2 my mom n was able 2 tell her happy birthday!  
Thank god 4 that  
Know she misses me severely...  
Plus god was with me as I only sat in the day room 4 like 7 minutes b4 it was my turn

Thank u 4 ur heart  
N 4 simply  
Saying  
NEED YOU OUTSIDE  
Almost teared up  
Couldn't help but hear me daughter's voice echo those sentiments

Promise I'm done being an inmate  
I will b an outmate!  
2 many lives invested in n depending on me 2 make it outta here!  
So be it.
