Subject: Gov. Cuomo for President ?

First - I am a Republican.

But...

If you have paid attention to the courage, straight talk, intelligence, clarity and fierceness of NY Gov. Cuomo, he is exhibiting the exact kind of leadership America needs.

A crisis will bring out who you really are, and how you handle stress.

Don't know much about his politics or history, and maybe I just like a scrappy New Yorker style (I'm a New Yorker) but Gov. Cuomo gets 5-stars in my book!

"Cuomo for President!"
