Subject: Update from upstate

Where do I begin? Yes! Where 2 start is a work in progress. The battle of being a writer. Know where the story ends n how it does, but the beginning: where 2 launch introductory words, is ever ongoing...

The cure?

I'll just talk

Which being blessed with a tablet allows me 2 do. Thank god my youngest brother blessed me with it. Definitely more quiet than my type writer which been outta commission 4 like 2 yrs now. Only lug it around cause cost of postage. Cost me \$11.80 2 send 2 pillows n a hat weighing a total of 3 pounds 2 Houston Tx. Praying it was an error n that I'll get a refund!

So it's in my heart 2 speak on the pandemic of the Corona virus.

Like out there it has effected in here. No visitors family or otherwise, only exception is attorney visit! No church services. No groups. No school. Recreation has been limited. One unit at a time n all u can do is lift weights! No basketball whatsoever can't even shoot around. At chow only 3 units at a time n there has 2 b 2 rows of tables between us. If not it's 2 2 a table sitting on the side furthest from the other unit. More signs "please wash ur hands" had a janitors meeting now they gotta clean everyday 4 real this time! No half stepping! So walls r washed windows door handles etc.

Also cause of no visits we get 2 free phone calls a week! So now cause the 56 dudes/mainly kids! Literally running n fighting 4 the 3 phones available ( sometimes 5) so haven't been able 2 call moms though I try 2 every Sunday! Today's Wednesday!

NE who bout Corona

I'm not 2 much worried

I know it's real don't get me wrong

Just all I can do is pray

" Jesus u r my immune system. IF the virus attack me u can heal me n get glory from the press conference amen. IF I don't get sick u get the glory from a life lived 4 u that will acknowledge that u the reason I escaped the valley of the shadow of death. Amen "

Meanwhile my heart n soul r at peace ,sure it has something 2 do with my faith in God n his holy word.

Matthew 24:6-8

Here Jesus speaks on the future. Bout wars rumors of wars, famines, n pestilences ,,. He refers 2 these as " the beginning of sorrows"

Later in Matthew 24:36-39

Jesus Christ spoke on how in the end of time people will b partying n kicking it loving love n some mait

iated. 3 I n just focused on earthly eternity.

Right now we r all on quarantine! N nobody's kicking it ,living it up, celebrating, getting married etc.

That being the case I know in my heart that things gone get better! Amen.

Not smart enuff 2 know when but I know it will cause the Bible clearly talks bout how life will b in the end. So I know life gone pick up n return 2 " normal " pretty soon here cause when Jesus come back life gone b filled with hustle n bustle. Times square gone b filled so 2 Hollywood n Daytona beach etc. Yes billions of souls will be focused on the here n now not eternity or Jesus return when the last day of this earth comes 2 pass!

Oh yeah we in here do got tissue! Blessed with 2 rolls that we have 2 ration from Sunday 2 Sunday!

Freedom

Though some st8' s n countries have released thousands or hundreds of prisoners, Wisconsin not on that. Just no new prisoners allowed in 2 the prison. N those were in county jail 4 court were quarantined upon their return.

But life gets better

3 out of 4 people who went 2 parole got blessed with PPI'S That's short 4 PRE PAROLE INVESTIGATION! that's a sign that u bout 2 b released! See b4 ur granted release on parole they investigate ur living situation primarily n ur release plans, like where u gone work,go 2 school... Amen

One guy got a deferment ( defer,) 4 ,8 months ,one 4 7 months,n one 4 6 months ( which I'm praying 4) so barring incident all those men will b home by Christmas! 4 others go ,2 parole later ,2day 3 I!know personally. Praying they catch PPI' S!

One guy got like 30 yrs in . found out one guy got let go after doing 27 yrs off 60 yrs! 4 2 homicides n 4 almost killing a third! Mother guy who related 2 my lil sister got let go just months ago after serving 26 off 79 yrs! Him n 2 others killed a guy during a drug deal. Remember reading bout it in the paper! Didn't think they'd ever get out!

Now what r the odds I did an almost similar crime n got an almost similar sentence! 75yrs of which I've done 23 yrs! Mind u I didn't kill any one! So logically I think I also should get 2 go home! When I go 2 parole in a couple weeks. April something!

Won't find out till April 1 st! Hope it's the first week but could b the last

Either way

Gods will b done

Pray 4 my heart

Can't take much more prison

Need 2 b round love

Sick of being round noise,chaos violence, list,adultery, thievery, foolishness, wickedness, evil,close living quarters, arguing, fighting, yelling, screaming,competing 4 everything like phone shower, toilets!, bunk beds etc.vulgarity, bullying,petty hustle, philosophy of the game, hood politics, banging,filth,lack of sleep,lack of respect n the like..

Well 4 all the pain in my life I know 2 day shall b great n I shall do great thing's in the hours contained in it

Amen  
Respectively
