"MORE ILLEGAL CONTRACTS BY THE FDOC?"

Wanted to bring to your attention that Jpay, and the FDOC'S pricing, of the Jpay stamps could possibly be another case of illegal contracts with unlawful payments. The FDOC has a history of illegal contracts, that in 2006 sent former Secretary James V. Crosby Jr and Regional Director Allen Clark to Federal Prison. In 2011 Former Governor Rick Scott, terminated then FDOC Secretary James Buss, over contracts, that had "the appearance" of being shady. Well if you look at what's going on here, we have Jpay selling the same stamps to family, friends and inmates in Florida at double the price, of the family, friends and inmates in Washington State. Jpay and the FDOC was selling 60 stamps for \$21.00 here in Florida, yet you could buy these same 60 stamps from Jpay in the state of Washington for \$10.00. Now with the new contract extension signed on October 25, 2019 of contract #C2885 Amendment 2, they've further increased the price of the stamps by selling 70 stamps for \$25.00. And now blocking family and friend's from being able to purchase and use Jpay stamps from these discounted states, they have now put an end to some family and friends being able to afford the Jpay correspondence. So you tell me something's not rotten?!! And remember we are dealing with the poorest of society when your dealing with State inmates. So this total disregard for fair market value, and practices, and the price gouging of the lowest income families is reprehensible!!! If there's not illegal conduct going on with these over priced stamps, which you have to admit, that there is an appearance of this! When one state is getting the exact same stamps, product and services for half the price, but "if", there's nothing illegal going on, we still have an issue with price gouging of the most vulnerable of our society, which in and of itself is disgusting!!! We shouldn't be taking advantage of the poor, just because we can. That was the mentality of James V. Crosby Jr and Allen Clark. Both of whom deservedly went to prison and lost their jobs for what they did to the the family, friends and inmates they price gouged and stole from during their tenure as heads of the FDOC.

We need this looked into, for possible illegal and unlawful actions. And even if there's nothing illegal going on, we need our current Secretary Mark Inch to correct these price disparities to where the families in Florida are paying the fair market value, that Washington states families are paying. Please contact Secretary Mark Inch and provide him with a copy of this. I thank you for your time and help.

Sincerely Ronald W. Clark Jr #812974
