The one n only most amazing ferret committed the most amazing feat of acrobatics on the fast moving Ferris wheel.

Jack n Jill journeyed. Three thousand miles later,they stumbled upon a reservoir.

" what do u thinks down there?"

" I don't know. But ...ladies first!" Jack slyly spoke while shoving Jill down thinsects

" whhhhooooaaaaa!" A loud thud ended Jill' s hysteria. As she brushing herself off Jack screamed," so what's down there? "

" give me a minute

" yikes! There's Amozon sized ants!"

" well. Kill em!"

" I can't. That would go against my moral constitution. "

" Ur such a Jill!"

" N Ur such a Jack!"

Reaching into his pockets Jack sprinkled the contents into Jill's whereabouts

"What R U trying 2 do? Kill me!?"

" But its ur favorite. A Mars candy bar."

" The ants will get 2 it b4 I do

" run 4 ur life. Here they come!"

Within seconds the Amazonian creatures had Jill surrounded,discussing in their native tongue whether they should tear the Mars bar 2 shreds or see who this blonde intruder was.

"Whooooooaaaaaaa," roared Jack. A big explosive Splat sounded as he landed on one of the insects

"Seize them!" Yelled Antimosity the rowdy one of the bunch. He was also the reddest. Anger has a way of changing our skin color

The soldiers complied n ushered Jack n Jill up a hill 2 Judgement Inn. There Jill was put on trial 4 intentional homicide. Jack begged n pleaded 2 justly b charged,but all 2 no avail.

"The thing u call Jill is responsible. Her snooping around set the acts in motion that led 2 the untimely death of Turbo. So she has 2 pay the price. The ultimate price." The DA said

A bell sounded n one million ants came out of no where. Jill expected 2 b eaten alive,but these were vegetarians, so she hoped.

As their nature was they climbed on top of each other. The scene mirrored a fire truck with its ladder extended. Jill was then ordered. " Get outta Sweetsville n never return. On ur way out don't forget 2 pay ur fine."

" N what's that?"

"1 Mars candy bar!"
