

Baaaaaa COVID-19 virus

Juliá,

Thanks for your comment and transparency, I'll start with some positive news before I address Rabbi's email.

We now have a donor that is donating TWO DVD Players - 6 disc changer in each, we are now working on connecting the donor with SDSP Administration to get the DVD players here on Campus per CDCH Rules & Regulations. We are soooooo Greatful, Happy and Appreciative.

Now, Rabbi's email doesn't reflect the tone of how things are being explained to me, now although "What" he told me is in the email, it's not "How" he explained it to me.

For example:

- a) I wrote you a letter the moment Rabbi and Héctor gave me the information, which detailed "How" it was explained to me, and now that I'm reading the email from your comment, it seems like Rabbi is either not transparent with me, so to not upset me? OR, whatever his reason is? But I'm sure you've received my letter by now; and can see the difference.

example:

c). There is no way in hell that I'm going to ask you to go back and add subtitles to SMS, but what I will do is ask a donor to move the SMS playlist that has ALL of SMS playlist on it, to their YT page, or Mirror, then turn on the subtitle feature, then find a software to download the entire SMS playlist on a Hardrive, or USB Stick, I'd rather Harddrive because even it can be connected to the back of the DVD player and played on Random Mode, including all of d'Vents as well.

Mind You, All of D'VENT programs was pitched to Admins as the primary programming, which Mr. Sam Robinson asked "So your telling me that there are no lyrics in this Music? That's impressive". And the only D'Vents that are not @ SMS/YT, are the ones you've already sent, now why am I mentioning this? Because there is ZERO need to add subtitles to all Instrumental music content.

The proposal is clear to state that SMS content is the supplement to the Music, and Admins liked it at pitch and we got the Knob

example:

b) Along with my letter, I also sent you a handwritten letter from S. Brown, who is the SQTV Director, and he not only not mention that SMS requires subtitles, but he gives us a clear and transparent view of his disposition, and I'm glad you are seeing that with your own eyes.

Julia, The Fair Use Act of 1976 put an end to all of the Copyright issues that we struggled with for almost a year, as ALL Parties involved agreed, so, it's 2020, and Rabbi is still mentioning it? Fair Use applies to all of SMS, The law leaves no room to cherry pick content, it's the very reason I submitted Fair Use Act, as it is in direct line with SMS Mission, and Rabbi sounded excited back then when he told me that Campus Admins, and SQTV Director said Fair Use Act of 1976 holds up, and an SMS DVD has already been broadcasted on campus, and All of our DVDs are structurally designed identical. So I don't see Rabbi's angle here.

As it stands now, Rabbi just delivers SMS disc to Media Center Director, that's the extent of his involvement.

It's 2020, and Rabb's email puts us back onto 2018, and that is frustrating, and I'm really upset because all of the hard work ends behind subtitles and copyright?

example:

d). Today is May 18<sup>th</sup>, 2020,

SATV Channel

15.1	Movie - Harrelle	w/ subtitles
17.1	Movie - Atomic Blonde	No subtitles
18.1	Broken? - Blank Rainbow No programming	
18.2	- College Courses	No subtitles
18.3	Broken? - Blank Rainbow No Programming	
18.4	- COVID-19 virus Info - Sign Language	
18.5	Broken? - Blank Rainbow No programming	
18.6	- College Course	No subtitles
21.1	Misc Vids - CDCR Mainline Inmate	w/ subtitles
21.2	- College Courses	w/ subtitles
21.3	- Earning Freedom for Inmates Mainline	No subtitles
21.4	- COVID-19 virus Info - Sign language	w/ subtitles
21.7	Broken? - Blank Rainbow No programming	
21.8	Broken? - Blank Rainbow No program	(SMS)

Let me state here that all Channel 21. Nicce Videos about CDCR programs are heavily "Christianized", and for Mainline inmates preparing for Parole & Release. There was one Meditation video, and 2 Catholic Communion vid, so on one hand the over-all message is

- #1. Get Educated
- #2. Get Jesus
- #3. Get Released

Nivid You, These programs are only for a portion of the population as SQ is actually several prisons located on the inside of one institution.

1. The Mainline	
2. Reception Center - ZERO programs	over 1,000 inmates
3. Condemned Row - limited programs	over 750 inmates
4. Adjustment Center - ZERO programs	102 inmates
5. Hospital - ZERO programs	200 inmates?

So on any given day, there is about a 3,000+ population at SQ, and over half of the population is either on the way to another Campus to start a sentence, or on Death Row to fulfil a sentence, which means SQ Programs only effect /per-se approx 1,500 inmates who may be at or near to ending a sentence.

Why is this important? Because in order for any inmate to be included in programming here at SQ, they must sign an agreement with the Department stating that they are not, or no longer involved in Gang activities or associations with Gangs, because SQ Mainline is a NON-Designated Prison, on that scale, on the inmate side of all prisons, SQ is viewed as a SNY/PC/ Non-Active prison.

So from that 1,500+ inmate population, those that identify to some degree as LGBTQIT are not being spit on, beat up, having urine and feces thrown on them by Gangmembers because they are not housed in the same environment where this is happening.

There are no Deaf Gangmembers on SQ Mainline attacking my Deaf LGBTQIT inmates at SQSP, ZERO.

The most influential prison gang-leaders-Shot Callers throughout the state of California are housed in the Adjustment Center at SQSP, and in Unit East Block and Donner Section in SQSP, and 97% of these inmates are on Condemned Row, and 99% of the abuse against LGBTQIT inmates happens in the Reception Center Units Donner, Badger, Carson, and Alpine Section Units,

where no inmate has agreed with The Department to not Be Active Gangmembers.

SMS presents a unique presence at SQSP, SMS is available to everyone who has access to a Television, including The Shot callers that have given the green light order "cross-race" To Abuse, Attack and get Rid of All Inmates that identify as LGBTQ+ from All Level 4 and now some Level 3 Institutions, primarily with an intent to force The Governor and The Department to end The None-Designated, 50/50 Merging of Prison programming Statewide.

SMS program is not proposed to help 15 inmates sitting in a classroom full of other inmates that have already agreed with the Department through a Signed Declaration to not be violent with other inmates, because that method is a primitive "Preaching To the Choir" non effective programming that looks productive on the surface, yet it prevents ZERO abuse of LGBTQ+ Inmates to Stop.

These primitive models totally exclude the large "Cradle Closet" population that are not cared for to the degree SMS is designed for, because they have personal Televisions as well.

SMS presents the fact that All Inmates and Prison Culture sets the valued standard at Respect, and Disrespect, and All Prison Gang and Street Gang Culture direct, and teach direct Ethnographic and Racial Historical connectivity to Conduct Constitutions that are Mandatory to Prison Social experience.

SMS specifically takes the Labels of LGBTQ+ which is widely rejected by Prison Culture, and directly contests the Liberation of Facts that are directly associated with what Prisoners do respect, across the yard.

There is No other program at SQ that provides this degree of engagement to the direct causes and reasonings to tip prison culture on its head to end the violent institutions of our most underserved and ignorant demographic of the population.

Everybody is not a Christian, or in school, and near to an end of a sentence, and some Gangmembers will soon take into account that The younger generation of Torpedos also have Televisions, as do victims of abuse, and this has never been done before

In prison culture, it is disrespectful to disrespect your own race, and even more dangerous to disrespect the values of another race. SMS programs are designed specifically to oppose the value of LGBTQ+ presence in each race, and subculture.

For whatever reason, Nobody is willing to simply give the order for the designation of on Channel to simply play the SMS DVDS as they are without trying to sanitise the reality that not providing solution based programming is in fact, Neglect.

Right now, we need this Warden to take a big step and commission Plant operations to install Plexiglass Clear Covering atop each holding cage on the 1<sup>st</sup> Floor of Donner Section, Badger Section and Alpine Section as fast as possible to protect LGBTQ+ inmates from being doused with water, urine, feces, and spit, and Lord knows whatever is in those used condoms, ~~Protect~~ COVID - 19 virus.

1. Play DVDS
2. Cover Cages

Simple, Seriously, it's that simple
