### "BLACK LIVES DON'T MATTER"

Look at the latest murder of George Floyd, who's laid in the middle of a street, calling out mama ,mama as a cop kneels there with his knee buried in George Floyd's neck cutting off the blood flow and the oxygen to the brain. This was another senseless death. Anyone who watches that ,it doesn't bring a tear to their eye, is just a heartless low life individual. And that cop, he's one of them. You've got the situation under control, he's restrained in handcuffs, and your going to push your knee down into his neck, and listen to him plead, but only remove it after he looses consciousness. They drag him away and he dies! This cop needs to be charged with murder! Cause that what he did, he murdered George Floyd. And its evey week, another senseless murder of a black man. And then on the same day, we've got a white woman calling the police in Central park calling in a false police report on a black man, where it looks like she's trying to get him killed, and nothing happens to her. Black lives matter?! I as a white man sure can't see it. Its one senseless death after another. And we've just come to expect it. What's wrong with us? Really what's wrong with us as a society that we keep allowing these cycles of senseless deaths of black men. I don't claim to have the answers, but something needs to be done to stop it. Speak out, be the voice of George Floyd and all the others who have become senseless victims. And remember the quote of Edmund Burke who said , "The only thing necessary for the triumph of evil, is for good men to do nothing." Those words rang true then, as well as now. For it is up to us as an individual to speak out on the injustice that's presented before us. God bless you all.

Sincerely Ronald Wayne Clark Jr.
