x 1st off about time Lt's Sgt's have assigned
someone specialize in hobbie crafts and the
need's of other's needing hobbie craft -
materials. I been here 5 yrs aint been a
clerk til now. whats up with that? Now
my concerns are now. not being allowed to
order the items I need much less the
amount. theres so many different art forms
then painting and your itemized list
is basically set up for people who paint
so that definitely needs to be re -
vised. cause ~~a~~ items and amounts
we were allowed in Salinas Valley from
this same catalog was a 100% better
then this soft ass prison. the list
was way bigger and amount were 3.5x
as well. the person who made this item
ized list. you can tell they do not
have a artistic bone thruout there body
oods though on getting - A - yard
are our special purchase clerk. Finally

I am deeply happy that this program has come back to Mule Creek after such a long time. This program will unlock unlimited doors for so many inmates in need of a positive outlet. It's beyond positively stimulating for all incarcerated & Whispers is absolutely incredible to work with & learn from.

I'm very grateful that a special purchase clerk is being provided because it's the way's that inmates can get many times inmates have little help or know from others.

I feel & think this job is a great rehabilitative step or initiative for inmates to have access/resources provided to them, so we can be occupied w/ learning and learning to be self sufficient while incarcerated and during parole, and legally self sufficient on the streets. All my ideas on this being thru art (ART). Thank you for your time & support

Shawn Chambers # G46441

Art is my stress and Anxiety reliever and its the way I express myself, so I consider it part of my rehabilitation. I look forward every week to meet with this man to look at the catalogues and to order supplies but we are very very limited to what we can order. It would be very helpful to my rehabilitation if we could expand the options on what we can order with the institutions safety in mind. I would like to order fine felt tip pens that are already allowed through walk-in stores but they dont have them in color which is what I would like to order through this hobby arts and crafts, Thank you

-Hugo Munguia # AX9764

Whispers provided access to the special purchase catalogs for art supplies and gave me order forms

It is a great thing to see whispers out in the morning, ensuring that I have an opportunity to continue to participate in religious special purchases every morning. I am in P.I.A. and I don't have this opportunity so this is a much needed thing for me and fellow P.I.A. workers. Marcus Carter

F/M LOVEST #AM5211 -

I work in P.I.A. all day so it's really difficult for me and every other worker to have special purchase catalogs and forms the same way non-programmers do. The special purchase clerk position is an essential position in order to provide equal access and opportunity for those who do work.

who need help to fill out form Thank you Ali

Sat. 23rd Even though I do not use the special purchase order, it was nice to
see that the position was here & available for those inmates that use
it. As well I spoke w/ inmate Goehler about his new responsibilities, as
to R/R. I'm glad to hear that he (w/ Goehler) is excited to be of service
once again to the population, as well I am motivated to be working w/ inmate
Goehler in his new position. Thank you w/ Karcher, Kurt

6/6/20 AS PRISONERS WE ARE SELFISH BY NATURE. HOWEVER, WE DO ON OCCASION MEET OTHER INMATES WHO TAKE THEIR TIME TO PUT OTHER PEOPLE BEFORE THEMSELVES. AND I SEE THIS DAILY FROM OUR SPECIAL PURCHASE CLERK. HE IS CONSTANTLY KEEPING THE POPULATION INFORMED BY COMMUNICATING WITH CERTAIN STAFF WHEN WE CAN'T, AND HE ADDRESS EVEN OUR SMALLEST OF CONCERNS REGARDING R^BR. OUR SPECIAL PURCHASE CLERK IS INSPIRING.
