UHURU'S PEN

[A BLACK POET, ONCE SAID IN THE 60's / 70's, " Fire Next Time ".
Fire is now not enough. The creation of a black mossad is time.]

NOTE: THE DISCIPLEING ESSAY WAS ORIGINALLY WROTE JUNE 21st,2015
IT'S WORDS ARE SO SYNCHRONOUS TO. "" THE STRANGULATION OF GEORGE
FLODY, """"THAT IT COULD HAVE BEEN WRITTEN TODAY. BLACK MOSSAD NOW. (revisited , 5/29/2020).

"" TO THE FUTURE HISTORIANS READING THIS "

Tageline: " We never learn to its too late, ...(modern lynchings).

Proposition For Review: " The indifference white police have in shooting and killing black Folks."

1.) The premise of this discourse lay in the current trend (more properly stated ,) ' THE CONTINUUM OF BLACK MURDER , BY white police , killing black Folks since the election of the first - and only- modern , black president. Yet , now even after he has left the white house, the murderous dogs have not stopped.

2.) As an uncle, father and grandparent of Black girls & boys, I am deeply concern and ' unrested ' at notion and reality , that one of my love ones can be shot, strangled and killed by other mendacious tactic's that are taught in police forces in America, simply because they are black / brown. And a major element of this nation's law enforcement teach not only , racist procedure's, but teach / plant the seed's, for sloth pogroms against people of african-american heritage. These patent & latent black phobia's , that seem to emerge in these police encounter's, expose the ethnocentric inferiority complexes that they are allowed to mesh out on a class deemed pariah.

3.) The theory that there is a group or -- for lack of a more readily identifiable term -- race -- contagion trigger involved with these spree killings of black folks by white police is not a new premise , nor one that History has disproved. Rather , it is only by the luxury of history that these theories are ever accepted by those benefiting or witnessing them. Let alone those perpetrating them.

4.) We must approach and observe them somewhat like we study and chronicle the spree killings of Serial killer's ; or Sprouts of wars and massacres. There is an inherent check and (somewhat , oddly) balance or Pause in human evil , as history shows in the recorded event's of misanthropic acts. (see: the book : Mutual aid , by Kropotkin.)

5.) While being a scholastic student of history, the lack of access to the necessary tomes to provide unique and concrete examples of this brand of evil and the correlations to group / race contagion theory make this proposition sound more conspiracy than something that is more innate and "" SOCIAL CONDITIONING "".

6.) BUT, as stated above , the future historian's and statisticians will have the best luxury and collection of data to make the better indictments.

My pen, due to it's current station and disadvantages , cannot put forth the compelling facts. However, I strive to start the wheels to collect and studying the evidence that Ida b. Wells showed us, and to look at these from this prism.

7.) There is no dispute in the facts that white males and the groups they belong to, and their hatred , had and have grown greatly in this country the day Obama Won the Presidential election. We tend to focus merely on the loudest hate stentorian and the more extremists , while ignoring those who keep it within. And a lot of these are police- old and new .

8.) These spikes are nothing new so they don't seem as unique or as bold as new things tend to stand out . But there is a correlation between black folks gaining power and freedom with all spikes of white male violence in this country ; Which , upon examination , both conscience and unconscious, are responses to that black power / self-advancement, / self-defense / self-determination .

9.) One classic example of this , that needs no new intro to this premise, is the reconstruction period, right after slavery, and birthed the kLU kLUK kLAN, jIM cRoWism, lynch mobism, police power used to terrorize, suppress and torture and suppress and enforce post - slavery conditions through murders and state sanction terrorism. Transferences of the northern segregation to the south in more extreme degrees.

10.) These same police sanction state terrorist acts spiked again during the civil rights period as well. So the pattern continues with the election of the First pellucidly black President.

11.) Now, as with all things in the human condition / tradition and tract, other Societal factors also must be factored in on individual cops. The police are the products of their communities and up bringing.

The false fear that black men, and indeed , in general , black people kill more white people than white people do is statistically disabused. And , because the human inner workings are far more complex than can be explained, stated, it is not as simple as black & white.

12.) Factors such as hatred, power and money , stereotypes , mis - & - dis -Education of both the Negro and the Caucasoid push the edges further.

13.) These factors create a reasonable mistrust in the black community. The p.o.v . that the white police , who resent the dichotomy of being viewed as both terrorist and patrolmen, having self-appointed themselves as the keeper's / overseer's of the nation's Ghettos they, themselves have forged, now want complain/ resent , having to go into the same concrete jungles and being viewed as an invading force of pigs and other pent-up black dissent. Victor Frankenstein wants to complain about the fumes , gas and Radiation his various Laboratories emit."" PROSECUTE THE PERSECUTED "".

14.) THEY seem to not understand or are to megalomaniac, to not want to understand that , if you cut the wings of the bird , not much flying is going to happen, nor how the bird can, will and be able to provide for it self, will be peaceful or within its nature. Therefore, the bird is contained there and must feed there, and only on what is there, regardless of how rancid it may be or Unhealthy. That if you Desharpen the fangs of the lion, his bite will be more painful to him and when you do such, this lion will no longer eat the way its nature once was.and so when he finally feed, it won't be peaceful or within its nature .and the results of infrequent feeding will turn him. Cause him to feed desperately and savagely upon anything he comes across, in the most extreme cases, it will go totally against its nature and engage in cannibalism. Survival will pervert it's nature, for that will be the goal at great cost. He live in perpetual self-hate and self-destruction / self- destructive ways and means will be viewed different. For, the pain it feel is the goal of ending. Path to the least pain will send it to more pain and savagery.

15.) As I crown this off , I encourage both the current and future historians, sociologist, and statisticians, to start exploring this premise so that some black lives can be and should be saved by the results, exposing and making these sloth pogroms undeniable to those who honorably seek change.

Let your findings be so well known and understood, that even, if it does not spark and awaken the humanity in those responsible and committing them, It will at least galvanize black folk to realize they need to take their security in to their own hands and stop these pogroms , and bring home our on justice, and not " JUST us being victims.

16.) If america is the black folks Hitler's Germany, and apex of the "MAAFA" (BLACK HOLOCAUST) , and the police , are the SS Soldiers , then it is only logical and natural for us to build and maintain our own BLACK MOSSAD.

17.) AND still more , the BIBLICAL motto --while not an adoption, but as an

Inspiration, proverb 11:14 ,

" Where there is no guidance , a nation falls, but in an abundance of counselors ,there is safety ." Al-shura.

And proverb 24:6: " For by wise guidance (al- furqan), you can wage your defense ".
(self-advancement is self defense,).and self-defense is the war of necessity.

18.) Our motto in both practice and principle, should be : " SAVING BLACK LIVES "

ADDENDUM: in 2015 when this was originally written, while waiting for it to be typed up, a young chump, down in Charleston , NC . went inside the oldest reported black church in the country, and pogromed nine sister's & brother's (PEACE TO THEM). THIS , after the Coward police pig who shot and murdered Walter Scott , by hitting him four times in his back. , illustrates the Proposition on display here. Watching the state gov. Put on her crocodile tears . this too will go on and pass with very little done to stop the cheap murder of black folks, because , as usual , we want to be the " GREATEST FORGIVERS " . ! Yet, no one forgives us when we do bad things. Look at the swelling and busting of the prison seams with black folk. And tell me just how forgiving others are of us. Even, when the issues have no impact on them and theirs. The facts is, this hit was no surprise to me, as I see it being meditated everyday by state sanction. Racist have not never been absent from the law enforcement and political power in every state in this country.

I had back in 2015, rhetorically asked, "" I wonder how many more Church or other hits (lynchings, draggings , hangings, etc) will have to occur before we see that a black mossad is required to stop the maafa. ""

Well, the pig who just suffocated the brother George Flody in broad daylight with people right there, and all the other murders over that five year period show you, that ain't no change, and despite the out pour of those condemning this case,as if it is an exception to all others, making this an anomaly, and therefore, no urgency nor genuine belief that fundamental change is warrant.

Mao Ze Dong (Tse-tung) famously said that : " power only respect and respond to other power or Force. "

So no police or government will respect or care how much a bunch of black folk s or , in some view, niggers, march, picket or cry and beg for justice. After over a hundred years, we are still crying, begging, marching, demanding for the same shit, just to live. Why should they take us

serious or fear they need to treat us as equal or human. In their minds, and we have not forced them to think otherwise. , we are still their motherfucking slaves.

Will a black mossad allow all these murders ??? Check the record.

The mossad of Israel don't wait for the ex Nazi to treat them right.

The Arab, or the muhajadhin who fight properly the oppression of Islam the way Al Nabi taught and his sunna, you don't see them waiting no hundred year's and still begging for the same shit slaves begged for...

THE OPEN AND PUBLIC SUFFOCATION OF GEORGE FLODY, CAN ONLY BE VIEWED, FOR WHAT IT REALLY MEAN, THE MESSAGE IT MEANT TO SEND TO BLACKS, AND EVEN, BROWN FOLKS IN THIS COUNRTY, REGARDLESS OF THEIR REFUSAL TO SEE AND UNDERSTAND IT, THAT MESSAGE WAS & IS THIS.::

"" NO MATTER HOW MUCH MONEY YOU ACQUIRE, OPRAH, RAPPERS etc, NO MATTER HOW MUCH YOU TRY TO GAIN POWER, OBAMA, etc.....

you are still niggers to us, and will always be niggers,

Who's lives only matter to the extent and degree we

Say so. And we don't have to tell you this, fore,

All our laws, statutes, policies, practices, and conduct

Tells you this. So go ahead and scream, cry and shout

About how much you matter, cause we make that

Determination for you. And right now, you don't

Matter at all.

THE RUBICON HAS BEEN CROSSED. BLACK MOSSAD IT IS.

UNTIL NEXT TIME UHURU'S PEN WEEP, STAY SAFE AND STAY LOVED.

BUT MOST, IMPORTANTLY MOSSAD UP. 5/30/deuce's revisited 12:46am
