

# Murda Confession of A Weapon

And in America, for 50 years they argue Gun control,  
How are you going to control guns that you don't have,  
and you can't even control the standard issued  
weapons that law enforcement officers do have?  
the past 17 years, will Breonna Taylor be the last?

They say I'm 50,  
but I swear I'm 17 and getting younger  
Gun makers mind is hearing screaming  
but my mama thinks it demons of a hunter  
visions of victims on their knees  
AR-15 gotten knockin on Hell's door  
pledge of allegiance to disease  
facehored knockin on dis Nutfuckin CellFloor  
Shoot your lime I'll show you bodies  
and you better not tell nobody bout dis Murda  
stackin body after body  
and you bet not tell nobody bout dis Murda  
they say I'm 50  
but I swear I'm 17 and getting younger
