

fearful

For an "African-American" to stand and acknowledge the United States' RAG OF INFAMY--"Old Glory"--, to my quite cogent mind, is like Hebrews-Jews rising to acknowledge the Nazi's "Swastika." The extension of emotional and psychological identification to either "Old Glory" and the "Star Spangled Banner," is equivalent that of showing an appreciation for or deep affinity towards Nazi Germany's National Anthem.

The reality is, each of these symbols and related songs represent WHITE-MALE SUPREMACY. This is simply a basic and undeniable FACT, despite the poor attempts to alter reality on the basis of political expediency as well as the "cowardice" expressed by those "bullied" by White Amerika. During the 2020 Super Bowl, controversy was "stirred" due to Jay-Z and Beyonce failing to rise in acknowledgement of the National Anthem, a time during which those whom represent this nation's MILITARY-WAR MACHINE are "honored" and "celebrated". Jay-Z later clarified matters (i.e., explained himself for purposes of protecting his "interests" and avoid being labelled as a "Black Radical," of course) stating that their failure to stand wasn't related to any type of "protest," but rather, was unintentional since they merely weren't paying attention.

From the standpoint of a Black ("New Afrikan") man whom isn't FEARFUL of any type of "fallout" which might result from being OPPOSED--TELLING THE TRUTH!--to the National Anthem, I don't believe it is EVER necessary and nor hardly appropriate to "apologize" to White America and nor their negro "puppets," by taking the historically and indeed morally correct position:

OLD GLORY AND THE UNITED STATES'  
NATIONAL ANTHEM REPRESENT AND  
REFLECT GENOCIDAL-RACIST OPPRESSION

If the "truth hurts," all I can tell you is--"GET OVER IT!" "Get over it," as in the BLATANT LIES you've been BRAINWASHED to believe, from Amerika's criminal wars for so-called "freedom," history, Capitalism, etc., etc.

To be sure, as to be expected in this country of pure reactionaries-- Democrats and Republicans alike--most people whom stand to acknowledge the "Star Spangled Banner," are either oblivious of or don't give a damn regarding the FACT that there are verses which concern HUNTING DOWN SLAVES, i.e., the **verses** condone and promote Afrikan oppression in super-exploitation.

Yeah, the "Star MANGLED" and persist in "MANGLING" Black folks. I dare y'all to read this RACIST National Anthem in its original form or entirety before shouting FASCIST CONFORMITY at those whom refuse to salute "Ole Gory" since it actually supports SLAVE MASTERS...
