

President Trump, do he deserve to be our president another term? absolutely not

1. Trump missed opportunity to get a head of virus
2. How he handle the Protest promoting violence during a peaceful protest Unacting Riot
3. His non concern and carelessness about Racism, unarmed Black getting killed at the hand of law enforcement.
4. His Herenize attitude - Trump threatens military action to stop violent protest. He praises the police for overwhelming force against protest. you had the ~~people~~ police
fear gas innocent ~~peo~~ and peaceful protesters. Then had the nerve to go take a picture in front of a church.
5. Try to persuade foreign government to interfere in an election ~~of~~ Ukraine to undermine our election
6. Take from people that's in poverty. Trump University. Try to interfere with the people in poverty right
7. Has undermine women call them pigs etc try to interfere with their rights
8. Very careless about ~~Humanity~~ Humanitarianism Humanity and human rights

9. I am remind of the tweet Donald Trump sent to Bill de Blasio during the time Eric Garner death was the topic. The President Donald Trump tweeted that the mayor needed to stand up for those who protect our lives and serve us all so well talking about the police. So during the protest of George Floyd death. That why it was so easy for me to see he didn't care about George Floyd, Breonna Taylor-~~etc~~, Ahmaud Arbery, Rashard Brooks. All he cares about law and order. But his law and order has killed a lot of people. When the looting starts, the shooting starts. He called looter thugs and mob ~~that~~ isn't that what he's says about immigrant. But never says that about whites that goes in do mass shooting in places. He might say it's bad thing they did but he never calls them thugs, mob or gang members or drug dealers. This is the type of things that goes on in our policing. I remember when my husband was arrested my husband had on a Dallas cowboys Starter jersey and baggy jeans. The first thing they said he was a drug dealer. It's real bad in the law enforcement. What they said wasn't true because my husband a geek. Because our president stereotype blacks, poor, and immigrant. The local ~~govt~~ government feels like they need to do far

Same in the communities. All the blacks, people in poverty and immigrants are bad people. Donald Trump has promoted nothing but ~~hatred~~ hatred in our government from the gay in the military, people in poverty, immigrants, Dreamers, disabled people, African American. The whole Washington DC & white that surrounds Donald Trump. When he was going to take the picture at the church. There was one black who was way in the back of them and hanging off to the side. No diverse in the administration big problem. When there is a black person connected to him they are used as a pond just master did they slaves back in the day. If you study our history. Blacks accomplish a lot but the white man took all the credit. There was a lot black inventors.

We have to be careful when we call people a pig. Do we know what it means.
pig: slang a person holding sexist or racist views.
