

No Place To Land (2)

Act 3.

SWERVO - OK, ohmm, so, Yesterday, we was all out here on the yard and met this new Brotha named Parallellexboi, Parallellex is a cool dof, Y'all should look that up, Matter of fact, dis kid should be comin in a few, Y'all know he always got a dictionary, but, let's keep this straight up, one person at time, get your Q in, feel free to debate the A's, while I SWERV up da homie, it's about 35 of y'all, so who's first.

AMAZAD - I'm Muslim, O.G. Eric said you might be pretty good to hear, so let me ask you, they said that yesterday you dated the word Homosexual to 1868, what about Africans before that date? Can you name any word from any African Tribe that is equal to Homosexual? and if you can, also name the source, because I haven't seen it.

Parallexboci - First off, I aint no Expert, I'm a Brotha just being me, but lets see if I can get at you,

#1. Like you, as a kid, I had never heard of it either, its like Homosexual Africans was erased from history, OR said to be from The White man, so I forgave our Black historians and Authors, now that I'm grown.

#2. Linde Ngoobo and Hugh McLean wrote a report called DEFIANT DESIRE after interviewing 20 African males around Johannesburg, and they said the word "Skesane" is "Bottom", and "Injongo" is not only "Top", but "He", "Top" also makes the first move. Get that report, it's good stuff.

You also aske me to be Tribe Specific, and I do know that Bantu Peulks in Gabon and Cameroon call gay sex "bian nküma", they say it's medicine for wealth. AZande warrior Tribe male lovers call each other "badizze".

Get the Azande Press Line issue #4 titled Liberated Facts, where we layout a lot more of what you just asked for, and, in fact, take more here, keep it, and you will be surprised that what you're looking for is a reality. There it is.

Sweero - Who's next, uhmm, D,

Daron - Yeah so, your saying that Booker T. Washington, Martin Luther King Jr., Malcolm X, A.J. Rogers Diop, Franz Fanon all intentionally left Homosexuals out of Black History?

Parallelexboi - Great Q, yet, did you see it when you read them each?

Daron - Nope, only Bayard Rustin.

Parallelexboi - Brah, both MLK and Malcolm X knew that James Baldwin was gay, yet they was all friends, and Booker T. Washington knew that George Washington Carver was Bi-Sexual, and Franz Fanon was Bi-Sexual.

Teff - what the fuck you just say man?
Franz fonsas and carver?

Parallelxboi - And Alton Locke, yeah, I'm
Locke High School, and CARNAR
Elementary School, and Carver
Park, sound familiar?

Teff - I gotta Google dat sh*t because,
and why are we taking your word
for this anyway? and why are
we just now hearing about this?
I went to Locke High, and dint
nobody said that nigga was gay.

Parallelxboi - Let me ask you, if you did
know, would you ask your Mom
to put you in another school?

Teff - Back Then, No, because all of
my Family and Homies went
to Locke, so, no,

Parallelxboi - What about today, you that
you know, because you sounded
upset earlier, or aggressively
surprised?

(crowd tql)

Teff - I aint with that gayshit homie,
and..., I just never, and...

Parallexboi - And... and name me one
Teacher at your School, at
Locke High that came at
you on some "gayshit"?

Teff - Nobody, I'm just saying, why
didn't they tell us that our
Black Schools was named
after Homosexuals?

Parallexboi - As a gay black boy, that
would've been very empowering
for me to know, so I agree
with you Broh, why didn't
anybody tell me that my
Elementary School was named
after somebody just like me?
Corner Elementary School, it
probably wouldn't've inspired me
to ask my mom to send
me to Locke High School, and
me and you wouldn't've probably
met before we met on 3
Prison Yard, so I feel as
deprived as you do.

Silvero - Wow, that's crazy, and deep.

Jeff - Fosho, I wonder how much shit they didn't tell us, and now you got me wanting to have my wife Google search and show to my Step-Son all of this.

Parallexbot - So, You have a Parallexbot in your house?

Jeff - About to go to Locke High
(crowd loud gasp)

Parallexbot - But kids are more open now,

Jeff - He said he didn't want to go to Locke because of Gang violence, but now, let's see what he says about this, I don't gon lie Broh, I was about to leave before, but I'm glad I stayed over here because I never know what to talk to my Step Son about.

Juervo - We gon get back at this tomorrow, somebody thank Uncle Eric for me and I got my own Q to end for today. Jeff, if you stop saying Stop, the boy might holler at you. What do you tell Black Parents about trying to tell kids to Stop being gay?

Paradoxo - Best Q ever, because that's real heavy in our Community. I would say that it's as equally crazy, if Bay Black Kids would start telling Black parents to stop having gay kids. Then our Black parents will realistically engage the word "impossible", and only then will they truly view the paradox in the hood, as, valuable.

dé Kid - Hey, I'm here, What did I miss? Where y'all going? Y'all comin back tomorrow?

(Crowd slowly dispersing Universal Round 2nd Daps)
